

## Ban Voted On Slav, Arab Aid

### Senate Turns Back On Leaders, JFK

WASHINGTON (AP) — Turning its back on the White House and on its own leaders, the Senate has voted to ban aid to Yugoslavia and the United Arab Republic.

Despite administration wishes for a free hand, the Senate Thursday nailed these prohibitions into the foreign aid authorization bill and approved another amendment to keep the lid on assistance to Indonesia.

For good measure, the Senate approved still another ban on aid—this to nations whose fishing policies "violate freedom of the seas."

#### 47 Amendments

Administration forces clearly were reeling as the Senate closed up shop after its first night session since taking up foreign aid a week ago Monday.

The slow and rocky road to passage of the \$3,742,365,000 measure is strewn with 47 additional amendments, aimed either at paring the authorization or restricting how the funds be used.

A voice vote brought home the amendment to deny President Kennedy any discretion to provide military or economic assistance to Communist Yugoslavia.

#### Administration Plans

Administration forces plan to fight later to restore the President's discretion to provide most-favored-nation trade treatments for Yugoslavia and Poland, barred last year by Congress.

But Sen. William Proxmire, D-Wis., is ready with an amendment to cut off all aid to Yugoslavia except for some surplus food and for assistance to American schools, hospitals and libraries.

And Sen. Frank J. Lausche, D-Ohio, said he will offer an amendment to wipe out completely the President's discretion to aid any Communist country under any circumstance.

#### Present Arrangement

Under present law foreign aid cannot be given Yugoslavia, Poland and other Communist countries unless the President determines the assistance is vital to the security of the United States, the recipient is not controlled by the Kremlin and that the aid will promote the country's independence.

Thursday night's fight came on the amendment by Sen. Ernest Gruening, D-Alaska, to bar help to any nation which the President determines is engaging in or preparing for aggressive action against the United States or any country receiving U.S. assistance. Identical to a provision in the House-passed bill, it was approved 65-13.

Gruening and other sponsors made clear the amendment was aimed at the United Arab Republic, which has sent troops into Yemen.

#### No Protest

The amendment prohibiting a resumption of now-suspended aid to Indonesia unless the President should determine it essential to the United States' national interest was adopted without a protest.

Earlier the Senate voted 57-29 to ban foreign aid to any nation that asserts fishing jurisdiction beyond limits recognized by the United States.

This move, sponsored by Sen. Thomas H. Kuchel, R-Calif., was aimed mainly at Ecuador, Chile and Peru, which have claimed jurisdiction 200 miles seaward. Kuchel said some American vessels have been seized and their crews fined and jailed.

## Managers Expel Mitchell From Their Association

NEWBURGH, N.Y. (AP) — Joseph Mitchell, former city manager, has been expelled from the International City Managers Association, it has been learned.

The action was announced in the association's latest newsletter, published Nov. 1. The move came at the Oct. 16 meeting of the association in Denver, Colo., the newsletter said.

#### Exercise Right

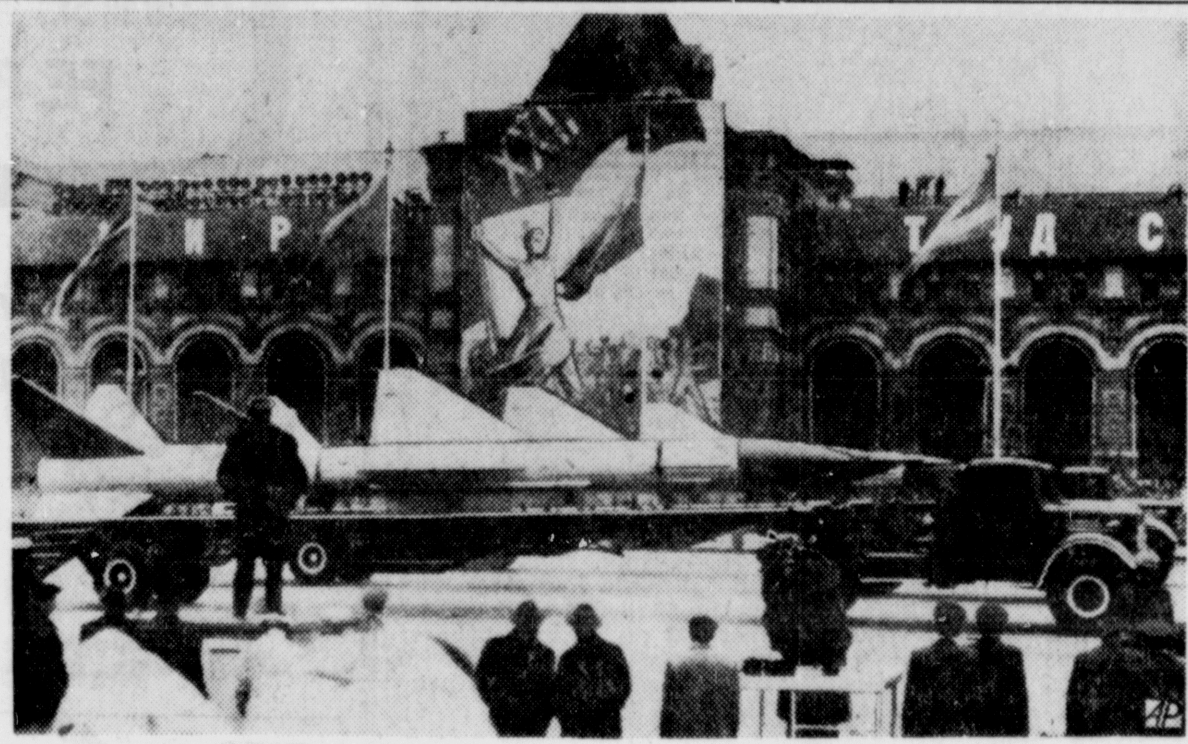

The association's public affairs officer, Ernest Bodnar, said the board had exercised a privilege in the constitution that allows it to expel any member who leaves his position while under suspension.

Mitchell had announced his resignation from the city manager's job last July 8 in order to accept a post with the John Birch Society. He later turned down the Birch job.

When asked to comment on the association's action, Mitchell said:

"The ICMA membership is

### Acting Vice Principal Named at MJM

## Accept State Offer For District Survey

Acceptance of a State Education Department offer to conduct a comprehensive educational survey in the Kingston School District (Consolidated), and appointment of an acting vice principal at the Myron J. Michael School, marked some of the business at Thursday night's meeting of the Board of Education.

On recommendation of Dr. W. Wendell Hoover, superintendent of schools, the Board unanimously accepted an offer of the State Education Department's Cooperative Review Service, to

conduct comprehensive educational survey in the entire Kingston School district.

#### Highly Recommended

The board appointed Jerome M. Shostak, 47, of Spring Valley, acting vice principal at MJM Junior high school at a salary of \$7,600. Shostak, who formerly was a member of the faculty at Spring Valley returned to teaching there two years ago after stepping down from a high salary position in industry, was highly recommended for the post by Dr. Hoover.

Dr. Hoover told Board members that Shostak has six years experience as teacher in public schools. He holds a master's degree and has 18 additional credits. He was teacher of social studies prior to entering business as an executive with an industrial firm, and two years ago decided to return to education and accepted a position with the Spring Valley School system and a greatly reduced salary.

The appointment of Shostak was unanimous. He will assume his duties here on Nov. 18.

#### Survey Important

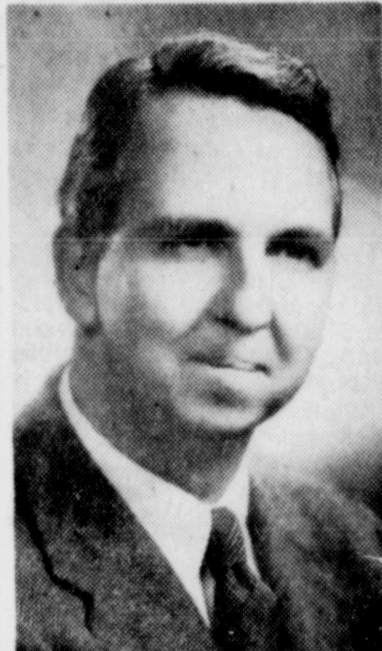

Dr. Hoover informed the school district trustees that the comprehensive educational survey offered by the State Education Department's Cooperative Review Service, would be "extremely valuable" to the Board of Education, the administration and the entire professional staff.

That survey will evaluate the entire school system, analyze what the school board is undertaking and accomplishing, and review the educational status in the district. The initial step towards the survey will be undertaken by the local school officials, and next year the State will conduct its survey at no cost to the district, unless outside consultants are used.

The motion to accept the offer of the state for the survey was made by Trustee Sam S. Pepper, seconded by Mrs. Edith Case Murphy, and unanimously passed.

A proposal by Dr. Hoover that the school board hold special educational meetings during the year, devoted solely to discussing educational matters—and no business—was approved unanimously by board members. Dr. Hoover suggested that the special sessions be held every second month. He told the school trustees that regular meetings of Board of Education in all areas are devoted mostly to discussion.

GIFFORD R. BEAL

## Beal Relinquishes School Post, Will Live in Highland

Resignation of Gifford R. Beal as a member of the Board of Education of Kingston School District (Consolidated) was accepted with "deep regret" Thursday night at the November meeting of the board held at the George Washington School offices.

Trustee Beal is moving from the school district in December.

"Great Influence" Kline

David Kline, board president, said Trustee Beal's resignation "comes as a blow, not only to the Board of Education but to the entire school district." He said Trustee Beal has been a great influence as a board member and his leaving "will definitely be a great loss to the entire community."

The board president added, "Trustee Beal has been a definite asset to the Board of Education. He is an open minded clear thinking individual."

Trustee Sam S. Pepper moved to accept Beal's resignation "with regret." The motion was seconded by Mrs. Edith Case Murphy.

#### Elected in 1962

Trustee Beal was elected a board member in May 1962. He and the late Robert F. "Bob" Browning had been endorsed by the Non-Partisan Nominating Committee. Beal has served on several committees of the board.

#### To Appoint Successor

Trustee Kline said after the meeting that under the law the Board of Education will appoint a successor to Trustee Beal to serve until the next election in May, 1964. The board president said the board will give careful consideration to a successor to Beal, and will select a person well qualified for the post.

In his resignation, Trustee Beal noted he plans to change his place of residence effective Dec. 15 from Port Ewen to Highland. "This will result, of course, in my becoming ineligible after that date to continue as a member."

### Esopus Legion Will Observe Veterans Day

The annual Veterans Day observance of Town of Esopus Post 1298, American Legion, will be held this year on Sunday, Nov. 10 at 11 a. m. at the World War I Memorial Plaque on the grounds of the Ulster Park Reformed Church on Route 9W, Ulster Park.

The ceremonies are to be held on Sunday in order to make it possible for more Legionnaires and residents of the town to participate.

In his invitation to the residents of the town to join in the Veterans Day observance, Commander Frank Strigl urged that every effort be made to turn Monday, Nov. 11, into a dynamic demonstration of patriotism. Each household and business establishment is urged to display the Flag of the United States in honor of the occasion.

All members of the firing squad and color guard of Post 1298 and other Legionnaires who desire to participate in the ceremonies are requested to meet at the post home on Sunday at 10:30 a. m.

## U.S. Arms In Europe Extensive \$277.5 Million Stockpile Value

By FRED S. HOFFMAN  
AP Military Writer

WASHINGTON (AP) — The United States has \$277.5 million invested in tanks, artillery, trucks and other equipment stockpiled in Western Europe for Army divisions airlifted from this country.

The cost of that two-division stockpile was learned today by The Associated Press.

The 2nd Armored Division, flown to West Germany nearly three weeks ago in Exercise Big Lift, has been using about \$155 million of this gear in war games near the Iron Curtain.

#### To Return Vehicles

After the maneuvers, the 2nd Armored will return the roughly 4,000 vehicles—tanks, armored personnel carriers, trucks, jeeps and other equipment—to depots west of the Rhine River.

Then the outfit will be flown back to its home base at Ft. Hood, Tex.

Enough heavy gear for an armored division and an infantry division was stockpiled in Germany and France during the Berlin crisis two years ago.

The stated purpose is to permit a swift reinforcement from the United States during a time of tension preceding a possible armed clash with the Russians and their satellites.

#### Ready If Called

Information on the stockpile indicated that the 4th Infantry Division at Ft. Lewis, Wash., is ticketed for emergency service in Europe if needed.

A rundown on the cost of the "pre-position" equipment for two divisions and 10 supporting units showed: 2nd Armored Division—initial cost of equipment \$144,697,683; plus spares worth \$10,319,485 for an over-all total of \$155,017,168.

4th Infantry Division—equipment cost \$91,602,955; spares \$7,182,176 for a total of \$98,785,131.

Supporting units—equipment \$21.1 million, spares \$1.69 million; total \$22.79 million.

Also figures in is a basic load of ammunition worth about \$900,000, bringing the grand total for the stockpile to \$277,492,299.

The lesser equipment cost for an infantry division stems from the fewer vehicles it uses compared with an armored division.

## Grain Deal With Reds May Be Made, Washington Says

WASHINGTON (AP) — The word in Washington and in Moscow is that the long-stalled \$250-million wheat deal may go through.

Administration sources were hinting cautiously Thursday night that there has been progress on the chief stumbling block—shipping rates.

And in the Russian capital, Soviet Premier Khrushchev told a group of visiting American businessmen at a party Thursday, "I got the news today."

### Long Autumn Drought Ends

## Local Areas Soaked By 4 Inches of Rain

Three days of rain poured more than four inches in Ulster County areas and upper regions of the Catskills as it soaked other parched land and forests throughout the state to end a long autumn drought.

Readings this morning in the Rosendale and Ellenville areas showed more than four inches since Tuesday night. New York City's Ashokan Reservoir area, as of 8 a. m. today gained 3.37 inches, but New York City, said the Associated Press, fared better with over four inches, more than left by any storm in the last eight years.

Edmund T. Cloonan, local water department superintendent, reported 2.52 inches in Kingston's Cooper Lake watershed up to 8 a. m. today. The city engineer's office reported 2.70 inches up to 11 a. m. today, and 3.02 inches for the month, to date.

#### Predicts Fair Saturday

The Weather Bureau, said AP, predicts fair skies Saturday over the lower Hudson Valley and Long Island with partial clearing elsewhere. A few showers will linger in the Mohawk Valley, Western Catskills, upper Hudson and the northeast.

The Tannersville area of Greene County measured more than four inches for the three days, but New York City's Schoharie watershed reported only 2.58 inches up to 8 a. m. today.

Cooper Lake, Kingston's main reservoir, down 6.75 feet at the start of the rain, was at 6.60 feet this morning.

#### Other Measurements

Other rain measurements reported by the Weather Bureau, as of 7 a. m. today, said AP, included:

Poughkeepsie 2.6; Syracuse

1.9; Binghamton and Westhampton Beach 1.8; Newburgh 1.7; Utica, Rochester and Albany 1.4; Olean 1.3; Buffalo and Watertown 1.

### Cotton Predicts

## Barry Will Win Primary in N. H.

WASHINGTON (AP) — Sen. Barry Goldwater's top New Hampshire backer said today he thinks the conservative lawmaker will win that state's first-in-the-nation presidential primary despite the early campaign launched by Gov. Nelson A. Rockefeller.

Sen. Norris Cotton of New Hampshire said he looks for "a fine aggressive" Rockefeller campaign.

#### Barry Still Mum

But the Goldwater lieutenant added:

"We don't want an early campaign. We want a campaign that steadily intensifies until the end. And I'm just optimistic to think that we can carry New Hampshire."

Goldwater, who tops polls in New Hampshire and across the nation on the 1964 Republican presidential nomination, stuck to the no-comment policy he has followed since Rockefeller declared himself a candidate Thursday.

The New York governor made his announcement in Albany.

(Continued on Page 12, Col. 8)

## 3 Plants, Office on Schedule

### Gov. Sure He Can Overcome Odds

NASHUA, N.H. (AP) — Gov. Nelson A. Rockefeller continued today his all-out campaign to "get out and meet the people and discuss the issues" in the highly strategic New Hampshire primary.

His initial efforts as a formal candidate were hampered by driving rain. But he kept a fast-moving pace.

The rain, which fell all day Thursday and Thursday night, turned to a drizzle at 8 a. m.

#### Meets Employees

He visited and shook hands with scores of employees at a steel products plant and at a kitchen cabinet factory owned by the family of his New Hampshire campaign manager, former Gov. Hugh Gregg.

The New York governor's schedule contained visits to three industrial plants to meet workers and the opening in Concord of the first, official Rockefeller - for - president headquarters.

The governor, 55, announced Thursday at the New York capital in Albany his official candidacy for the Republican nomination for president.

He then plunged immediately into his campaign to win the New Hampshire presidential preference primary next March 10.

#### Barry Still Vacationing

Sen. Barry Goldwater of Arizona was vacationing at an undisclosed hideaway but an aide in Washington said Rockefeller's announcement hasn't changed the conservative Republican senator's plans.

Goldwater has yet to announce if he will seek the GOP presidential nomination. He paid a brief visit—billed as non-political—to New Hampshire recently and said he would enter the state's primary if he decides to seek the nomination.

And there is talk in Washington that a white-haired lady from Maine may enter the New Hampshire GOP presidential primary. Sen. Margaret Chase Smith said Thursday she is considering entering some primaries to offer voters a "third choice" between Rockefeller and Goldwater.

#### First of '64 Primaries

That primary will be the first of the 1964 election campaigns and the winner will gain an important victory in the GOP competition for the right to challenge Democratic President Kennedy.

Rockefeller entered the campaign a decided underdog. Goldwater is rated the favorite for New Hampshire's GOP convention support.

Rockefeller conceded at several points Thursday that he was far behind but said he felt he could win with an intensive, personal campaign in which he would meet as many New Hampshire voters as possible and present his views to them.

At a news conference, Rockefeller renewed his criticisms of

## Cohoes Trooper Promoted, Others Advance in Rank

ALBANY, N.Y. (AP) — William C. Keeley of nearby Cohoes was appointed an assistant superintendent of State Police today in a series of promotions involving nine members of the force.

Supt. Arthur Cornelius Jr. announced the promotions, effective Nov. 14.

Keeley, who has been deputy chief inspector at the Albany headquarters, becomes assistant superintendent for administration. The \$14,330-a-year post was created by the 1963 Legislature.

#### Quinn Is Successor

John J. Quinn of White Plains, now an inspector on the headquarters staff, will succeed Keeley as deputy chief inspector, at \$13,300 a year.

Lt. Supervisor Arthur E. Wright, assigned to the Bureau of Criminal Investigation at Batavia, will replace Quinn as an inspector at Albany. His salary will be \$12,345.

Lt. John W. Monaghan of Troop C, Ferndale, was promoted to lieutenant-supervisor and

## Torso Identified As Banker, Was Missing 4 Years

BUFFALO, N.Y. (AP) — A man's partly decomposed torso found in a shipping channel Sept. 4 has been identified by police and a medical examiner as that of a wealthy banker who disappeared from here more than four years ago.

Police Commissioner William H. Schneider said Thursday there was no positive medical proof that the torso was that of Edward B. Germain, but "all the circumstances and the medical records indicate" that it was he.

Germain, 69, a director of the Marine Trust Co. of Western New York, disappeared June 11, 1959, after attending a meeting.

Milton J. Schulz, medical examiner, said the death certificate will list the cause of death as unknown.

Police said they thought Germain had been driving to his summer home at Bay Beach, Ont., when he vanished.

The automobile was recovered from the channel a week after the headless and armless body was found. Police said the cold water slowed the decomposition of the body.

Germain's widow later identified a wallet and clothing found on the torso as that of her husband.

## West Upset Victim, Brandow Wins

## GOP Holds 11-3 Margin For Greene Supervisors

Republicans will hold an 11 to 3 margin in the Greene County Board of Supervisors as a result of this week's voting.

Democrats lost one of their existing seats and it was an upset at that.

James West of Jewett was the victim of the upset vote as he was defeated by Republican William Lawrence by a 26-vote margin. Four other Democrats, however, survived the Jewett balloting. Democratic supervisors posted victories in Cairo, Durham and Hunter.

Neal Brandow, Greene County GOP chairman, was reelected to his county clerk's post with a 2 to 1 victory over Larry Smith. Brandow polled 8,061 votes to Smith's 4,591.

Fred Knight, unopposed for office of sheriff, received 8,570 votes with 30 of the 37 election districts reporting.

George L. Cobb was elected county judge and surrogate with a vote of 7,908 to his Democratic

opponent, James Warren's 4,781.

Incumbent Alex Wiltse Jr. was returned to the district attorney's office with a 7,164 vote to Seymour Meadow's 5,461.

The GOP tide also returned to office Ernest Canniff as welfare commissioner and Dr. Edwin Mulbury of Windham and Leland Cunningham, Greenville, as coroners.

Following is the makeup of the new Greene County Board of Supervisors:

Republicans — Carl Lane, Ashland; Walter Schmidt, Athens; Arthur Webster, Catskill; Leonard Crow, Coxsack; Fred Flack, Greenville; Ward Reynolds, Halcott; William Lawrence, Jewett; Rhoderick Herdman, Lexington; Clare Robbins, New Baltimore; John Briggs, Prattville and Lee Decker, Windham.

Democrats on the board include Joseph Kissley, Hunter; Angelo Canina, Cairo and Kenneth Hill, Durham.

## Webster Defeats Schmidt for Town Of Catskill Post

Arthur Webster, (R), former justice of the peace defeated Lambert Schmidt (D) of Leeds for the post of Town of Catskill supervisor in Tuesday's elections. The totals in unofficial returns were 2,381 for Webster, and 1,531 for Schmidt.

The supervisor post vacancy was created when George L. Cobb resigned to run for county judge and surrogate on the GOP ticket. Cobb won over James Warren (D) 7,908 to 781.

## Steno Secretary Exam Announced

The Ulster County Civil Service Commission has announced an open-competitive examination for stenographic secretary to be held January 11, 1964. The last date for filing applications is December 6, 1963. At present one vacancy exists in the Mental Health Center.

The list resulting from the examination also will be used for appointment to appropriate vacancies as they occur in all Ulster County offices or departments. The salary is to be determined.

Candidates must have been legal residents of Ulster County for at least four months preceding the date of the written test.

Minimum qualifications are that the candidate must be graduated from a standard high school and have three years of clerical experience, six months of which must have involved stenographic and public contact experience, or a satisfactory equivalent combination of training and experience.

Among the duties are to perform difficult stenographic and clerical work by handling correspondence with or without dictation, be relieving supervisors of administrative details, and by handling routine matters individually, and doing related work.

Additional information and application blanks may be secured from the Ulster County Civil Service Commission, UPO Box 172, 4 Hurley Avenue, where Executive Secretary Thomas Bohan will give additional information.

## Appointments Made Today by Rockefeller

ALBANY, N.Y. (AP) — Gov. Rockefeller today appointed William W. Serra, the Allegany County attorney, to fill a vacancy as judge of the county court.

Serra, a Republican from Belmont, succeeds Norman B. Fitzer, who recently was named to the State Supreme Court by Gov. Rockefeller.

Serra's appointment extends through Dec. 31, 1964. Allegany County voters will elect a county judge for a full six-year term next November. The post pays \$20,000 a year.

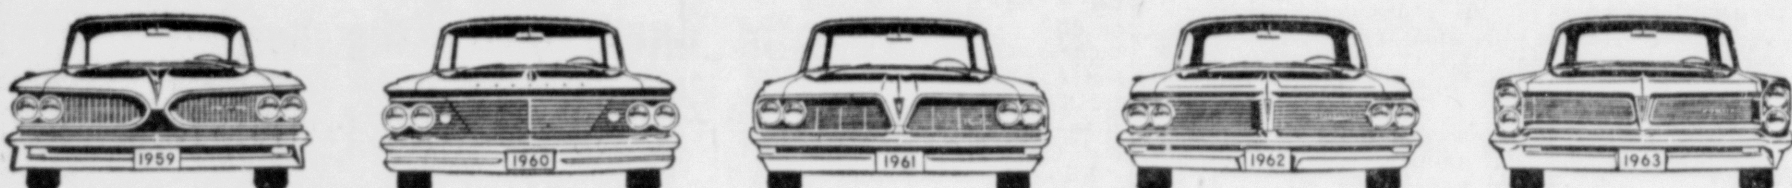

Rockefeller also appointed: Hyman J. Mandell of (333 Varina Drive) Rochester to the board of visitors of Craig Colony and Hospital for a term ending Dec. 31, 1967. He succeeds Fred S. Forman of (183 Main St. East) Rochester, whose term expired.

B. Loyal O'Connell of Plattsburgh to the council of the State University College at Plattsburgh for a term ending July 1, 1972. He succeeds Thomas A. Robinson of Plattsburgh, whose term expired.

Both positions carry no salary.

Convoy Blockades by Soviets  
Could Mean '64 Year of Crisis

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — It's enough to make President Kennedy uncomfortable. He wants

re-election in 1964. His best campaign theme would be peace and prosperity.

And now Premier Khrushchev, who can grunt and growl like a mechanical bear, is performing again. Twice in less than a month's time the Soviets have blockaded American convoys in East Germany.

This could be merely a temporary unpleasantness, like sneezing in the soup. There's no way of knowing that. It could also be the signal of worse to come, with Khrushchev turning 1964 into a year of crises.

If that happens Kennedy will feel like the center-piece in a sandwich.

## Between Two Faces

On one side Khrushchev testing American will and courage with his defiance; on the other, Sen. Barry Goldwater, R-Ariz., campaigning for the presidential nomination with slogans of stiff-arm-the-Russians.

Last fall the State Department, like a man who had just escaped from a furnace alive, developed a kind of euphoria when Khrushchev avoided a showdown on Cuba by pulling his missiles out.

It began talking of winds of change sweeping the world; the State Department's way of saying happy days are here again, or hoping they were.

The world did quiet down a bit gradually although any agreement on that sore and ancient subject — a nuclear test ban—seemed not only far off but impossible.

Yet, both sides began inching their way toward it. What followed seemed to indicate that Khrushchev finally had been induced to talk reasonably.

## Agreed on Exchanges

On March 8, 1963, the United States and Russia agreed to cultural exchanges in the scientific,

technical, educational and artistic fields.

Things looked even more comfortable June 20 when the "hot line" between Moscow and Washington was opened to speed communications between the two nerve centers in an emergency.

And on July 25 the United States, Russia and Britain in Moscow initiated a limited nuclear test ban agreement.

It ran into a storm here. The agreement meant nothing unless the Senate approved it in the form of a treaty. And for quite a while there seemed some chance it wouldn't. It finally did on Sept. 24.

## Khrushchev Played Mouse

Khrushchev—instead of playing bear during that whole time between July 25 and Sept. 24—played mouse. He didn't do or say anything to give Senate opponents an additional talking point that might have defeated the treaty.

This was a historic example, if anyone needed it, of how easily Khrushchev could turn his charm on and, as he soon showed, off.

The treaty wasn't wrapped up until Kennedy signed it, which he did Oct. 7.

On Oct. 10, the very day the test treaty went into effect, Khrushchev became his old self again. The Soviets blockaded an American convoy in East Germany, held it up a couple of days, did it again Nov. 4 and again let it through.

These two escapades created brand new tensions in this country.

All this might have been just Khrushchev's reminder to the West not to suppose he was getting soft because he made a few agreements.

But it could be his way of giving Americans a foretaste of worse to come.

## VISIT YOUR SCHOOL

It's probably safe to say that many mothers and most fathers seldom if ever drop around to see what kind of school their children are attending. They just trust to luck that everything is fine.

Sometimes, of course, this reflects blind faith in the school authorities and the community. More often, though, it indicates laziness, indifference or preoccupation with what seem to be more important things.

Next to the home itself, the school is supposed to be the great molder of our youth. How many parents really know, first hand, the people who are doing the molding. How many know anything significant about the methods of teaching being used, or, for that matter, what at any given time are the subjects of instruction?

Kingston Schools Consolidated will participate in the observance of American Education Week November 10 to 16. During this period, there will be open house and special Parent-Teacher Association meetings in the schools.

Why should parents take advantage of this opportunity by going to the schools? Just this:

The teacher, by seeing and knowing the parents, will be better fixed to assist a child's development. A youngster can't be understood in a human vacuum.

The mother and father will get a more sensible and realistic grasp of their child's schooling environment—the nature and condition of the classroom, the techniques applied, the teacher's personality and qualifications, and so on. Why should these be taken for granted even in the best of schools?

We live in a busy age. Probably we would all say we spend a great deal of time earning a living. But most people like to think, too, that somehow we are working toward a better future, for ourselves and our children.

In this very earnest and admirable effort, let's not forget our children so that they can take full advantage of the opportunities we are trying to provide. All the effort is misplaced if it leaves no time to see first hand how their educational growth is progressing.

The main purpose of Education Week this year is to remind people of education's role in strengthening the nation. At no time in our history has a strong educational system been so vital to the welfare of our country. This modern age requires that our children receive a solid background of knowledge in science, language, government, economics—all of which are feeling the effects of new discoveries, new thinking, new needs.

The manner in which tomorrow's citizens are receiving this education should be of the deepest concern, not only to parents, but to all of us.

All participants in the educational process would benefit greatly if more parents responded to the invitation to visit the schools during Education Week. Education, after all, is a cooperative enterprise in which home and classroom complement each other's work.

## TAFT PUSH RECALLED

Television viewers of the 1952 Republican convention will recall the Taft delegates' pre-balloting demonstrations. As they marched about the hall, they waved the standards of many states—Ohio, Indiana, Illinois and most of the Middle West and South. Such a display did they put on that many watchers thought Taft was in.

These overlooked the states that were not in the parade, such as New York, New Jersey, Massachusetts. Though fewer than the Taft states, they controlled more votes. It was they who, by a narrow margin, nominated General Eisenhower.

This lesson may apply in 1964. Goldwater appears to have many states, perhaps a majority. But impressive as his collection looks at this early stage, it is not enough by it-

## THE RUTANIAN VIEW OF U. S. POLICY

If you were the foreign minister of a country—let us call it Rutania, so as not to seem invidious—just how would you go about making sense of U. S. foreign policy?

The first test, you might say, would be to determine whom the U. S. regards as its enemy. Is it Khrushchev?

No, it can't be Khrushchev. The U. S. has signed a nuclear test ban with him on terms acceptable to Moscow. It made no protest when its neighbor to the north, Canada, sold a lot of wheat to the Russians; indeed, it followed the Canadian sale with an offer of wheat on its own. Clearly, the U. S. wants a thriving Soviet Union and peaceful dealings with it on the basis of the post-Yalta, post-Potsdam status quo.

Can the enemy of the U. S. be Mao Tse-tung? Averell Harriman has so identified the enemy. But whenever Chiang Kai-shek sends his son, or his staff of military planners, to the U. S. from Formosa to ascertain just how an attempt to undermine and overthrow the Red Chinese government would sit with Washington, he gets a negative response. The U. S. Seventh Fleet is in Asiatic waters, so he is told, to protect Formosa Strait, not to give protection to Chiang Kai-shek troops who might hope to leave the strait behind them, going west toward Nanking and Peiping.

So we can't be very serious about Mao Tse-tung as an enemy. We don't want him in the United Nations, but we recognize, in a roundabout way, that he is the boss of mainland China.

Can the enemy of the U. S. be Castro? Yes, up to a point. We express our displeasure at his anti-U. S. stance by enforcing a partial embargo against him. This is to say that U. S. ships are not sailing with supplies into Cuban ports. But we have yet seriously to twist the arms of any of our "allies" who persist in selling anything to Castro that he can pay for.

The foreign minister of Rutania, looking more closely at our Cuban policy, would discover some mystifying things. We merely "deplore" it when Castro fires on a U. S. cargo boat carrying bauxite from Jamaica to a Gulf Coast port. But when a British ship puts into Key West with a load of Cuban refugees, we arrest the captain for not giving the U. S. immigration authorities notice that he wishes a docking permit.

So is Castro really our enemy? If you were the foreign minister of Rutania, would you believe it?

Still, we must have enemies. The foreign minister of Rutania, looking at the Dominican Republic, might receive a clue. There a military dictatorship, having recently deposed the "democratic" Juan Bosch. The British have recognized the dictatorship, but Washington refuses to follow suit.

So the foreign minister of Rutania might reasonably argue that the U. S. doesn't like dictatorships. Lifting his gaze from the Dominican Republic and staring at South Vietnam, where we have at least tacitly helped in overturning a tough government, the foreign minister of Rutania might fancy that he had discovered a corroboration of his insight. Inasmuch as it is ten-to-one that Rutania is itself a dictatorship, this could hardly sit very well with the puzzled foreign minister.

Still and all, the Rutanian could hardly remain satisfied for very long that he had hit upon the key to our foreign policy. We don't really care about dictatorships—provided they are old enough, and not to put too fine a point upon it, Red enough. We lend money to dictator Tito. We give Sukarno the wherewithal to buy General Dynamics' surplus jet planes. We don't seriously try to get any mitigation of the repressiveness practiced by the satellite dictatorships of eastern Europe when we make our deals or sign our treaties with Khrushchev.

So what must the foreign minister of Rutania conclude from all this? Plotting it in logical terms on a graph, he must conclude that the only enemy that Washington acknowledges is the dictatorial government of a small, weak nation that is actively anti-Red.

So what would be the safest policy for Rutania to follow vis-a-vis the U. S.? Why, to become firmly "neutral" against us. Meanwhile showing friendship for Khrushchev, Castro and Tito. (Just as Ben Bella's Algeria, incidentally, has done.) (Copyright, 1963, King Features Syndicate, Inc.)

## Drugs Work as Team

## On Diabetes Insipidus

By WAYNE G. BRANDSTADT, M.D.  
Newspaper Enterprise Assn.

Q—I drink enormous quantities of water and have to urinate once or twice every hour. My doctor says I have diabetes insipidus and that the only thing that can be done to relieve me is injections of pitressin. I am getting tired of sticking myself with a hypodermic needle. Is there any drug that I can take by mouth for this condition?

A—Injections of pitressin have been standard treatment for many years. Recently chlorothiazide and hydrochlorothiazide tablets have been used to treat this disease. They reduce the amount of water drunk and the quantity of urine by 30 to 50 per cent. This allows the victim to cut down on the number of injections, but not to stop them altogether. The tablets work best in those whose disease is not controlled by the pitressin. They will not work at all if you are taking cortisone or any of the related hormones.

Incidentally, there is no relation between diabetes insipidus and the commoner diabetes mellitus, usually referred to as just diabetes. In diabetes insipidus there is no sugar in the urine.

Q—I have had a vaginal discharge off and on for many years. My doctor says it is trichomoniasis. His treatment gives me temporary relief, but it always comes back. What can I do to get rid of it?

A—You have what is sometimes referred to as a Ping-pong disease because when a wife is cured she may have passed it on to her husband. He takes treatment but meanwhile has reinfected his wife and so on. Unfortunately even when both husband and wife are treated simultaneously it is often hard to prevent recurrence. A new drug, metronidazole (Flagyl), is now being widely used to combat this disease. Reports are favorable in a large proportion of the patients treated, but recurrences are observed in about 10 per cent. In these patients a second course of treatment with this drug may result in cure.

Q—Is there a definite way to tell whether you are allergic to something? I have spells of sneezing when I come in contact with soap flakes. Does this mean that I am allergic?

A—Have you tried liquid soap?

self. To win, he must break into the Eastern seaboard.

In addition to having a romantic history, gold plays a strategic role in world trade. Strategic, possibly, is not a strong enough word. Actually gold is of crucial importance, for it determines the level at which trade may be carried on between nations.

## Another Dry Spell

## Washington News

WASHINGTON — (NEA) — An attempt by Rep. Clayton Powell to become the big man in what he calls an American "black revolution" is seen here in his recent call for a "summit meeting" of all Negro organization leaders to work for civil rights.

In this connection it is recalled that last March Powell told a Black Muslim meeting at Madison Square Garden in New York: "Boycott all civil rights organizations not totally controlled by us."

At this meeting he praised Malcolm X, Muslim leader. In recent weeks Powell has been predicting that no civil rights legislation would be passed by Congress this year.

Some civil rights leaders see such a development as Powell's opportunity to lay the groundwork for a new effort to be led by him next year. They fear that this might be a divisive influence, hurting the civil rights cause.

Other civil rights champions, admitting Powell's statement that 90 per cent of the American Negroes are uncommitted and inactive in the civil rights drive, endorse his summit meeting. They hope it will develop more financial support and personal effort in the future.

POWELL INSISTED at his press conference that the new Negro summit was not being organized in opposition to the Big Six, which are already committed to civil rights.

His aim is to get uncommitted organizations working to complement the efforts of the Big Six. He said getting the Big Six to work with his organization might be its second step.

Curiously enough, 10 of the organizations sending delegates to the Powell summit conference already are working with the Big Six and about 50 other white and integrated groups in the leadership conference on civil rights. This is the big lobby which has done the most effective work in pushing for more comprehensive legislation this year.

## Family Pooch Plays Big Role in Birth

MIAMI, Fla. (AP)—It was 4 o'clock on a silent, foggy Thursday morning. Mrs. Tommy Coe had a problem.

She was having labor pains—seven minutes apart.

Her husband was gone with the family automobile, working as a night watchman at a tugboat towing firm nearly two miles away.

There was no telephone in the Coe house, only the couple's four small children and the family pooch, Toby.

Toby!

Mrs. Coe quickly scribbled a note on the back of a scrap of paper, put it in an envelope and attached it to Toby's collar.

Minutes later the pooch—his mixed ancestors would have been proud of him—skidded into the boat yard where Coe was making his rounds.

Coe said he was angry at seeing the dog, which never roamed at night, and greeted Toby with language befitting a longshoreman.

But Toby sat, wagged his tail, and held his ground.

Then Coe noticed the envelope. He tore it open. The note read:

"Honey, come home. I have pains seven minutes apart."

Coe sped home, gathered up his wife and raced to the hospital where the fifth Coe child—a girl—was born a few hours later.

"I'm going to name her Toby," said the proud father.

## Penalty Heavy in Cuba For Killing Animals

MIAMI, Fla. (AP)—You may face a firing squad for killing your cow in Cuba or serve 20 years if you butcher your pig, a refugee said today.

The exile, Victorio Fernandez, 26-year-old farm worker, said courts in Las Villas Province, where food shortages are extreme, are imposing these penalties. A permit, hard to obtain, is needed for slaughtering animals, he said.

Fernandez arrived in Miami recently in a 23-foot boat with his wife and daughter.

## 3 Faiths Oppose New Muslim Trial

ROCHESTER, N.Y. (AP)—Representatives of three major religious faiths have joined with two civil rights groups in opposing a fourth trial of 15 Black Muslims charged with riot, assault and unlawful assembly.

A fourth trial was termed "unprecedented" by the Catholic Inter-racial Council, the Jewish Community Council's Department of Community Religion and the Committee on Religion and Race of the Rochester Area Council of Churches.

Thursday in a letter to Dist. Atty. Charles C. Little Jr. of Monroe County.

The local branch of the National Association for the Advancement of Colored People and the Monroe County Human Relations Committee earlier this week expressed their opposition to the trial.

The letter said the district attorney had been able to cite only one case in 20 years—involving a charge of first-degree murder—to serve as a precedent for a fourth trial.

The 15, plus three other Black

Muslims, were named in a second indictment handed up last week by the Monroe County grand jury. They were charged with one count of riot, two counts of third-degree assault and two counts of unlawful assembly.

The indictment superseded one under which the 15 had been tried three times without a verdict being reached. The original indictment did not include the unlawful assembly charges.

The Black Muslims were accused of assaulting two city policemen, using loud and profane language and disorderly conduct

at a Black Muslim meeting last Jan. 6.

The defendants claim the policemen were attempting to intrude in a private religious service. The Black Muslims is a Negro separatist organization.

## Blind Vote for Union

CLEVELAND (AP) — Employees of the Cleveland Society for the Blind—all 40 of them sightless—voted Thursday

night to form a union. The action resulted from a number of grievances, chiefly wages.

Resentment was expressed at the meeting that sighted workers were paid the minimum of

\$1.25 an hour while blind workers received 75 cents an hour.

## State Areas Get \$625.108 Grants For Works Jobs

WASHINGTON (AP) — The Community Facilities Administration has announced grants to New York State communities totaling \$625,108 to aid them in completing public works projects.

The grants, announced Thursday, are part of the Kennedy administration's accelerated public works program.

The awards (total cost of projects in parentheses): Amherst, \$54,000 (\$108,000), replacement of water line; Marilla, \$70,000 (\$140,000), street reconstruction; Fort Ann, \$84,500 (\$169,000), construction of filtration plant and reservoir; Wellsville, \$112,000 (\$223,000), street and drainage improvements; Clayton, \$100,800 (\$201,600), construction of municipal building; Cornwall, \$29,500 (\$59,000), extension of water lines; Yates, \$38,808 (\$77,616), construction of new town highway department building; Lyndonville, \$51,800 (\$103,600), construction of new firehouse; Lake George, \$74,000 (\$148,000), municipal building; Wellsville Water District No. 1, Allegany County, \$9,700 (\$19,400), water pipelines.

## Eliminate Fixed Liquor Minimums For Some: Macy's

NEW YORK (AP)—Department stores and other retailers should be permitted to sell bottled liquor without fixed minimum prices, says the president of Macy's Department Store.

He said it would "give the customer a break."

### Others See Chaos

The suggestion at a hearing Thursday before the state commission surveying the Liquor Control Law drew protests from spokesmen for small liquor stores. They said it would bring price wars and chaos.

David L. Yumich, Macy's president, also urged that a 15-year-old state limitation on the number of package stores be removed, and that license-holders be allowed more than one license.

This would permit department store branches to apply for licenses.

The State Liquor Authority has frozen the number of stores at about 4,200 since 1948.

Hilliard Schulberg, executive director of the Washington, D.C., Retail Liquor Dealers Association, and Benjamin Josephs, executive director of the National Liquor Stores Association, both urged that minimum price control regulations be maintained.

Schulberg said that in Washington the lack of controls has brought "fantastic" price cuts, bankruptcies and a high incidence of drunkenness. Liquor prices there are usually about \$1 less for a fifth than in New York State.

## Mockingbird Knocks, Woman's Uncle Dies

PINE BLUFF, Ark. (AP) — Last week a mockingbird began banging on the picture window of the Claude Varnell home near Pine Bluff. It became a daily thing.

The Pine Bluff Commercial took note of the oddity and people began telephoning the Varnells to offer theories about the bird.

"Most of them called to tell me the bird was a sign that there would be a death in the family," said Mrs. Varnell.

She discounted the superstition.

Monday one of her uncles died.

### Push-Button Still

MARBLE HILL, Ga. (AP) — Automation has invaded the moonshine whisky business.

State and federal agents seized a huge, push-button operated still in a raid near this north Georgia community Wednesday night. They said the still operators only had to do was prime it and then run it by electric controls from a house several hundred feet away. That distance was just enough to allow the bootleggers to escape.

### Meteor Explodes, Falls Into Bay at Frisco

MOSS BEACH, Calif. (AP)—A large fireball, apparently a meteor, streaked across the San Francisco Bay area sky Thursday night, exploded violently and landed in the Pacific Ocean several miles offshore.

Thousands of residents saw the object.

The Federal Aviation Agency at San Francisco International Airport said a Navy patrol plane also saw the object hit the water and identified it as a meteor.

The San Mateo County sheriff's office said the explosion

### Detroit Driver Fined

Charged with operating a motor vehicle on the Thruway with improper tires, Andrew Renfro, 35, of 2020 McDougall Street, Detroit, Mich., was fined \$15 Thursday by Justice of the Peace Edward Brodsky of Town of Rosendale. Renfro pleaded guilty to operating his car with "bald" tires after his car had overturned on the Thruway at Mile Post 86, south of Kingston. He was taken by Fatum ambulance to Kingston Hospital and treated for cuts and abrasions about the head. The car was practically demolished.

"literally shook the coast."

Moss Beach is about 15 miles south of San Francisco.

### Soldier, 66, Applies For Re-enlistment

ATLANTA (AP) — The oldest soldier on active duty at Ft. McPherson, M. Sgt. Howard R. Davis, 66, has applied for re-enlistment Nov. 12.

Davis, of Atlanta, is assigned to the 3rd Army Finance Office. This is a far cry from the trenches of France, where he was cited for bravery by Gen. John J. Pershing. He now works with electronic computers and other tools of modern science and technology.

### Solons Eye Legal Tire Standards

NEW YORK (AP)—An advisory committee representing the State Legislature and the tire industry began work today on setting minimum safety performance standards for new tires at point-of-manufacture and point-of-sale.

State Sen. Edward J. Speno, Nassau County Republican and co-chairman of the committee, said before the meeting that the "life span built into many tires is too brief for safety and... the life span of the tire may determine the life span of the motorist."

#### In Time for '64 Session

The announcement of the session said "the tire industry insists that all new tires are safe tires."

Speno said he wants a report by the advisory committee in time for action by the 1964 Legislature "so that a legal standards floor can be established below which no tire can be sold in the state."

Speno, chairman of the Joint Legislative Committee on Motor Vehicles and Traffic Safety, recommended establishment of safety standards at a meeting with tire company executives in Akron, Ohio, on Sept. 23.

The announcement by Speno's legislative committee said he was appointing the members of the advisory committee just before today's work session. It said State Motor Vehicle Commissioner William S. Hults would be a member of the committee.

#### No Minimums Now

Tire company technical experts are to work with the committee.

Speno's announcement said there are no minimum standards for new tires in the nation, either by industry agreement or by law.

Hults said that starting Jan. 1 all motor vehicles more than four years old must have tire inspections in the annual vehicle safety inspections.

He said he is concerned primarily with the inspection of tires at state-approved inspection stations. He also said police will serve summonses on motorists with "bald" or obviously defective tires.

#### Cop Fined \$30

SITKA, Alaska (AP) — The anonymous voice complained to the Sitka police department:

"Patrolman Bill Bagron's going around issuing citations to motorists for not having stickers on their cars showing they'd been safety - inspected. Where's his?"

Whereupon Officer Bagron gave himself a ticket, appeared before the city magistrate Thursday, pleaded guilty and was fined \$30.

He has his sticker now.

#### Thief Has Problem

SEATTLE (AP) — The thief who stole 18 men's suits and three women's dresses has a problem today.

What do you do with stolen burial garments?

Catherine Weir, a saleswoman from Eugene, Ore., told police the garments, all open down the back and without pockets, were stolen from her parked car Thursday.

## Firemen Act on Several Items

The arrival of the new resuscitator next week, a report on the formation of the Boy Scout troop, approval of participation in a departmental banquet, and praise from fire headquarters for action at a fire were considered items on the agenda of Woodstock Fire Co. No. 3 meeting at the firehouse in Lake Hill on Tuesday evening.

The meeting was called to order late due to the preceding fire at the town barn in Bears-ville where all men and equipment from Company No. 3 were involved.

President Richard Peters announced that the new resuscitator was scheduled to arrive at the firehouse next week, and a course of instruction would be given on November 13 at Woodstock. This resuscitator will be available for public use in cases where people have suffered attacks and are in need of oxygen to survive. Peters pointed out that this is another of the services offered to the people of the Willow-Lake Hill-Shady area by their fire company.

Boy Scout Troop 62, sponsored by the fire department, has held its first meeting, according to a report to the members. Meetings

are scheduled for every Monday evening at the firehouse beginning at 7 p. m., and boys between the ages of 11 and 16 are invited to attend.

### Flag for Scouts

The fire company voted to purchase a set of flags for the new scout troop, which will probably be presented to the troop on the night when the troop charter is given. The date of the charter presentation is predicated upon the processing of the data by the national scout office.

At the recent four-company meeting, the fire companies were requested to consider the idea of having a departmental banquet in the early spring, rather than a banquet sponsored by No. 1 company. Favorable action on this idea was recorded at the Tuesday evening meeting, with Captain Alfred Ostrander to represent No. 3 company.

The worth of the two monthly fire drills held by Company No. 3 was emphasized at the meeting by a report indicating that both the company and its fire police had received praise for its conduct at the town barn fire which had occurred hours earlier in

the evening. Assistant Fire Chief Mervin Doremus was reported to have complimented the members of No. 3 company on their action at the fire, while police authorities stated that fire police action by No. 3 members during the fire had considerably eliminated traffic congestion.

Other matters discussed at the meeting included the search for a training area, a listing of needed equipment, fire police regulations, and other routine business.

## Mrs. Levins' Article In Trade Publication

An article by Mrs. Erno Levins, principal of the West Hurley elementary school, appears in the current issue of Instructor Magazine. It deals with the Curriculum Enrollment Series provided children on half day sessions at the West Hurley elementary school last season.

The series constituted a number of programs held for an hour in the evening, planned for students and parents to create an interest in a topic which they could explore together. After each program sheets were distributed suggesting follow-up activities.

The series was well attended by both parents and youngsters.

## Fete Heckeroths On His Return to Native Germany

Mr. and Mrs. Adolph Heckeroth returned to their Woodstock home recently after an eight-weeks vacation in his native Germany, but it will be a long time before they forget the date of Oct. 4, 1963. It was the occasion of Heckeroth's birthday and the popular plumbing contractor and his wife, Edith, were then guests of his mother in his hometown of Neurode, Germany.

The tiny hamlet of 400 people declared a holiday in Adolph's honor and it started with the Glee Club's 40 members serenading the Heckeroths. Later they presented him with an honorary scroll crediting him with 40 years membership, although Adolph left there 35 years ago. His clan had gathered for the occasion and the day was one of festivity.

The Heckeroths enjoyed an eight week vacation in Germany and Austria. The century old castles and churches interested them, more so when they contrasted them with modern rebuilt sections of the larger cities.

They spent three days in Vienna where they were able to see "My Fair Lady" in German. This was a show they had been unable to see back here — they couldn't get tickets.

## Holiday Festival By Woman's Society

The Woman's Society of Christian Service will have a holiday festival and Christmas tea at the church hall on Saturday, Nov. 16 from 10 a. m. to 6 p. m. The tea table will be serving from 2 p. m. to 6 p. m.

This is an excellent time to launch early Christmas shopping, get gift wrappings, fancy boxes, tags and ribbons. Also on display will be table decorations, logs, card holders and center pieces, beautiful dried arrangements and winter gardens to replace fresh cut garden flowers. Also on sale will be toys, stockings stuffers and Christmas cards, fruit cake, Christmas cookies and all kinds of home baked goods.

## Wittenberg Sportsmen Will Sponsor Dance

The Wittenberg Sportsmen's Club is sponsoring modern and square dancing at the clubhouse on the Wittenberg-Glenford road Saturday, November 23, from 9 p. m. to 1 a. m. Freddie Shader and his band will furnish the music.

Nearly 280 persons were served a delicious pig roast last Saturday night at the clubhouse. The club wishes to thank all workers and patrons for making it a huge success.

## Water Break in Syracuse

SYRACUSE, N.Y. (AP) — A break at the junction of two mains seriously disrupted the water supply throughout Syracuse today and sent water gushing over a five-block area in the outwestern section.

Several hospitals were without water until emergency pumping equipment restored the flow. The break also caused a school to close.

Officials estimated that the five-block area would be without its regular water supply for two to three days.

The mains ruptured as work crews attempted to repair a leak. The mains carry water from two city reservoirs.

The duties include management of a school lunch program in a large school or several small schools serving from 500 to 2,000 meals daily, including Type A and a la carte meals, to children and adults and so relates work as required.

Additional information may be obtained from the Ulster County Civil Service Commission, 4 Hurley Avenue.

## Reports Awaited On Case Against School Official

CAMDEN, N.Y. (AP) — Residents of this normally placid village near Rome awaited today a report on how school officials handled alleged complaints against a school psychologist arrested on a morals charge.

Calvin W. Mosher, 37, of nearby Verona, was arrested last week on a charge of first-degree sodomy. State Police said the charge stemmed from an alleged incident involving a 10-year-old boy at the Camden Central School.

Mosher later resigned his post and is free on \$3,500 bail, pending action by the Oneida County grand jury.

### Two Granted Leaves

In addition, two school officials, Bruce Brummitt, the district's supervising principal, and Robert W. Miles, school guidance director, were granted leaves of absence by the school board.

The board is conducting an investigation to determine whether the two failed to "act and advise the board" in the case.

A board spokesman said Thursday night that the investigation was continuing and that the board's findings would be made public.

### Eighteen Parents Complain

Eighteen Camden parents arose at a protest meeting Wednesday night to complain against Mosher. Five said they had reported their complaints to school officials prior to Mosher's arrest.

A school board member said Mosher had been highly recommended when he was appointed part-time psychologist to the school district in 1957. He took a full-time position here in June 1958.

Prior to that he was chief clinical psychologist at the Rome State School for mental defectives.

Mosher had been a case worker for an orphanage in Utica, probation officer for the Onondaga County Children's Court and boys work director at the Springfield, Mass., YMCA.

## GOP Trains Big Guns on Dixie

CHARLESTON, S.C. (AP) — Republicans trundled out three "retire-Kennedy" rocking chairs today and rolled up their sleeves to map Dixie's biggest GOP campaign.

The rocking chairs, a rallying symbol, stand for Republican hopes that President Kennedy and his brothers won't have a White House to rock in come 1965.

"We're going after the South this time — and we're going to get it," said William E. Miller of New York, Republican national chairman.

With the big GOP guns trained on the South, a 13-state workshop kicked off with most Republican leaders predicting a virtual sweep of the South if Sen. Barry Goldwater of Arizona gets the nomination. Most of the Southerners believe Goldwater will be nominated.

The Southern theme song of the GOP in '64 was already being set to music at this conference.

"A home for the conservatives," is the refrain for Dixie.

## U. S., Reds Reach Accord on Space

UNITED NATIONS, N. Y. (AP)—The United States and the Soviet Union have reached another agreement — on legal principles to govern exploration of outer space, diplomatic sources reported Thursday night.

Informants said the agreement would be submitted soon to the General Assembly's special political committee in the form of a declaration and resolution sponsored by all 28 members of the Committee on the Peaceful Uses of Outer Space.

Russia and the United States have tried for the past two years to draft an agreement to cover such matters as the rescue of astronauts and space vehicles that make emergency landings on foreign soil and liability for space vehicle accidents.

The informants did not detail contents of the agreement. The United States and the Soviet Union agreed earlier to co-operate in the use of outer space for weather observation and communications.

Officers Thomas McGrane and Anthony Turck investigated, but found no one on the bridge or in the area when they arrived.

The Ladies' Aid Society was organized in Cleveland, Ohio, on April 20, 1861.

NASHVILLE, Tenn. (AP) — Barbara Coggin, 24-year-old aspiring actress, will have a little

help in paying the rent while she tries to get a foothold in the New York theater world. In a sendoff from her home-

town, she was presented with a check for \$60, the first of 12 in this amount pledged to her each month to cushion a year of role-seeking on Broadway.

## BE A REBEL TONIGHT; JOIN THE WHISKEY REBELLION

Every day of the year, a few men—a handful of rebels—stop buying their whiskey by habit.

They join the ranks of the discriminating people who buy by choice.

Bellows Partners Choice. Why?

They hear from someone (maybe their bartender) that Partners Choice is gentle on the tongue. And it is.

It's made with more gentle premium whiskeys blended with finest grain neutral spirits.

They hear, too, that it's gentle on the pocket (only \$6.19 a quart).

In fact, Partners Choice is the gentle taste in whiskey. Don't wait till someone tells you...be a rebel yourself.

Instead of habit...make it "Choice," the gentle whiskey from Bellows.

**OPEN NURSERY SCHOOL**—Participating in ribbon cutting ceremonies at the opening of the Jewish Community Center Nursery School Sunday are Seymour Werbalowsky, center president; Mrs. Jeremiah Sachs, nursery school com-

mittee chairman; Mrs. James Turk, assistant teacher; and Miss Patricia McGarry, teacher; Rabbi Jacob Rubenstein of Congregation Ahavath Israel who gave the invocation. Nursery school children also took part. (Freeman photo)

### Jewish Center Opens New School Facility Sunday

Formal dedication ceremonies of the new Jewish Community Center Nursery School Building took place Sunday at 96 Maiden Lane, before a large crowd of parents, interested members and friends.

Master of ceremonies for the event was Executive Director Robert Kurland. Rabbi Jacob Rubenstein of Congregation Ahavath Israel, a nursery school parent himself, delivered the invocation and placed the symbolic "Mezuza" on the doorposts of the new building.

Center President Seymour Werbalowsky greeted the audience and hailed the new building as another giant step forward for the center in serving the needs of the community. He stressed the fact that over 30 Kingston area children are now being served daily by the JCC Nursery School and that the intake policy of the school, as well as of the Jewish Community Center was non-se-

ctarian. "Anyone," he said, "in our area who wishes to avail themselves of the program and facilities offered by the center is welcome." Mr. Werbalowsky also praised the work of the nursery school committee.

Mrs. Jeremiah Sachs, chairman of the nursery school committee introduced Miss Patricia McGarry, nursery school teacher and Mrs. James Turk, assistant teacher. She presented a scroll of appreciation to Mr. Werbalowsky for transmittal to the Center house committee from the nursery school committee. The house committee, under the chairmanship of Samuel Levine, had charge of the design and construction of the new facility.

Assisted by several of the nursery school children, Mr. Werbalowsky cut the blue ribbon across the doorway to officially open the school. An open house with refreshments followed the ceremonies.

### Democrat Wins Supervisor Post In Hardenbergh

A canvass of the vote for supervisor in the Town of Hardenbergh today confirmed the election of a Democrat, Arnold Banker, the first change in many years. Banker defeated Ben Fuller by one vote. The results were 68 to 67 with four blank ballots.

Incumbent Republican Reginald Todd of Arkville did not run for reelection.

Mrs. Millicent Buerge (R) was elected to succeed her father, Vernon Marks, who held the office for 45 years. She ran unopposed.

In the only other contest, Eunice Todd (R) won over Donald Spaulding (D) 106 to 21 for the four year assessor post.

### Capitol News In Brief

WASHINGTON (AP)—In the news from Washington:

**DEBT:** For the third time this year, the House Thursday grudgingly approved a temporary increase in the national debt limit, but only after throwing a scare into administration leaders.

The 187-179 vote that sent the legislation for a \$315-billion ceiling to a more sympathetic Senate showed 147 Republicans and 32 Democrats opposing the increase and 187 Democrats supporting it.

Six months ago, the House voted a debt increase to \$309 billion by a nine-vote margin. In August it continued the \$309-billion top until the end of this month.

Without the pending extension, the ceiling would drop to \$285 billion Nov. 30. That figure, the administration said, is too low to give the Treasury enough leeway to meet the government's fluctuating obligations.

The bill would hike the ceiling to \$315 billion until next June 29 then drop it to \$309 billion until next July 1.

Before passing the measure, the House turned down a Republican attempt to shuttle it back to the Ways and Means Committee for downward revision to around \$311 billion.

**NITZE:** The Senate Armed Services Committee put Paul H. Nitze through the wringer Thursday the delayed for a week a vote on his nomination by President Kennedy to be secretary of the Navy.

The three-hour hearing took some stormy turns. Although witnesses usually are not sworn, midway through the session Nitze was at the request of Sen. Strom Thurmond, D-S.C., who demanded he "tell the truth and nothing but the truth."

Nitze told the senators that he never advocated the United States turn its Strategic Air Command over to U.N. control. He said he tossed the idea into a national strategy seminar sponsored by the Stanford Research Institute in 1960 to "stimulate thought and discussion."

Nitze, now assistant secretary of defense for international security affairs, also declared himself opposed to any policy of appeasement toward Russia, the recognition of Red China, termination of the military draft law and unilateral disarmament.

**ON THE MEND:** Sen. Clair Engle, D-Calif., was released Wednesday from the Naval Hospital at Bethesda, Md., where he was treated for a brain tumor.

It will be some time before Engle is back at his desk, the senator's physician, Dr. Roy Sexton, said Thursday, "but he plans to maintain daily contact with his staff and operations in his office will go forward on a 'business as usual basis.'"

Sexton said Engle's general health is good.

### U. S. Navy Announces Holiday Leave Program

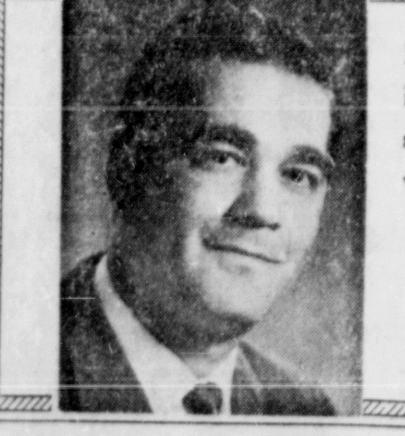

The Navy has announced a holiday leave period for all men undergoing recruit training at the U. S. Naval Training Center during the Christmas-New Year holidays. All men who enlist prior to November 14 will be eligible for 14 days recruit leave during the holidays.

The local Navy Recruiter at the Post Office Building, Room 2, Broadway, Kingston, has announced that his office is open from 9 to 5 daily, and young men who want to start serving their country can still take advantage of this offer.

### Bus Contracts, Drivers Given Board Approval

Contracts for additional bus service, and a roster of bus operators for the Kingston School District (Consolidated) were approved Thursday night at the November meeting of the Board of Education.

The board, on motion of Trustee Gifford Beal, awarded a bid for stage curtains and draperies for the J. Watson Bailey Junior High School to I. Weiss & Sons of Newburgh, who submitted a low bid of \$7,705.

On motion of Howard Fox, chairman of transportation, a contract for bus transportation on Routes 39A and 40A was awarded to Acker Bus Lines Inc. The bid was \$9,800. A contract for transportation on Route 34A was awarded Wagar & Arra Bus Service. The bid was \$4,151.20.

Trustee Fox explained that it was necessary to add service to Routes 39A and 40A to eliminate double-tripping and improve the time schedule on the route, which was considered too long.

Lucy Perry, doing business as Chappie's Taxi, was awarded a contract to transport a physically handicapped pupil from Port Ewen to St. Peter's school at the rate of \$2.50 a day for 153 days. Arthur Mulligan was awarded a contract to provide transportation for a physically handicapped pupil from Rifton to Anna Devine School for nine months. The bid was \$145.00. A contract to transport a physically handicapped pupil from Port Ewen to St. Peter's school for nine months. The bid was \$340. The same bus firm was awarded a contract to transport a pupil from Cherry Hill to a special class at Meagher School for nine months at a cost of \$530.

It was noted that the contracts do not exceed the cost estimates established by the State Education Department.

A roster of bus operators in the school district approved by Dr. W. Wendell Hoover, superintendent of schools, and their employers follow:

Virginia Malone, Margaret Ferguson, employed by Thomas Malone; Edwin Delavan, Betty Lou Rider, Thomas Miller, Mildred Martin, Robert Brandt, and Ethan Allen, employed by Egan Allen; Jacqueline Glaser and Carl Glaser, employed by Lake View Transit.

And, Ernest Perry and Francis Churchwell, employed by Perry Taxi Inc.; Robert Schellenberger, district owned bus; Jerry Lowe Jr., employed by Wagar & Arra Bus; Kay Ostrander, Shirley Dugan, John Fabiano, Laura Musialkiewicz, Michael Lavatsch, Richard Banks, Anthony Secreto, William Williams, Willis Carney and Al Beadle.

**Fleetline Transit:** George Feathers, Victor Zamillo, Charles Stevens, Charles Foster, Don Policastro, George Fitzsimmons, James Hoyt, Pine Hill Bus Corp. contractor.

And, Harold Acker, Harold K. Acker, Edward Acker, Joseph DeCiano, Bruce Tierney, William Nylassy, Frank Qualtere, Fred Perry, Harry Vandemerk, Sven Schreier, Alfred Stoffy, Acker Bus Lines Inc.; Joseph Carehill, Vernon Smith, Chester Myers, De Forest Shaver, Richard Jones, Thomas Donato — Lipton's Bee Line; Herbert Faure, Eva Born, Kathryn Garland, Arthur Gumeir, John Mayo, Irene Cables, Margaret Saari, Clara Kasten, Harold Krom, Burtis Wheat, Joseph Berryman, Arthur F. Mulligan — Arthur F. Mulligan, contractor.

And, Thomas W. Qualtere, Ronald Perry, Charles Soltyz, Roger Jones, Charles Dye, Anthony DeMico, contractor; Matt Cicio, Bernard Darling, Robert Jordan, Paul Schwarz, Bill Reya, Percy Palen, Andrew Aurigemma, George Gleason, Louis Sapp—Lucy Perry (Chappie's Taxi) contractor.

The board approved a resolution establishing a rate of \$11.07 per pupil for the school year 1963-64 for health services provided for non-resident pupils attending non-public schools in the district.

It was reported by Trustee Arthur Withall that the New York State Teachers Retirement System has instituted a loan service for its members, and will accept payment from the borrowers through a payroll checkoff system, if approved by the borrowers' board of education. The plan was approved unanimously on recommendation of Dr. Hoover.

The board approved a request of WGHQ to broadcast the Newburgh-Kingston football game on Thanksgiving Day. Similar approval had previously been granted to WKNY and WGNV radio stations.

An appropriation of \$603.25 for additional lockers at the JWB junior high school was approved. The lockers will be provided by Republic Steel Corp.

### \$636,488 School Loans Guaranteed In County: Wilson

Assemblyman Kenneth L. Wilson said today that New York State's Higher Education Assistance Corporation has guaranteed \$636,488 in educational loans to 562 students living in Ulster County.

To help offset spiraling tuition costs and living expenses, the state-backed public corporation guarantees to lending institutions repayments of loans to students, and pays the full cost of interest, generally 6 per cent, during the students' college years and half of it afterward. As of Oct. 25, the amount of loans outstanding to New York State students exceeded \$75,000,000. The total number of loans exceeds 100,000 made to 67,598 students.

Assemblyman Wilson explained that the corporation has existed since 1958 and that the local banks and other financial institutions have cooperated in this effort by the state to make it possible for more and more students to undertake and complete their college education.

**Castro Among Missing**  
HAVANA (AP)—The Soviet Embassy celebrated the 46th anniversary of the Bolshevik Revolution with a huge reception Thursday but Prime Minister Fidel Castro was absent.

The government announced that Castro had left Havana in the afternoon for a tour of several provinces. President Osvaldo Dorticos and Castro's brother, Raul, the armed forces minister, also were reported out of town.

**Suspect Dogs Are Being Stolen in Kingston Sector**  
Dogs have been reported missing to the extent of arousing suspicion that snatchers are active in the area as they had been about a year ago, local police were told Thursday.

Arnold Adams, county SPCA agent, reported at 5:30 p. m. Thursday that he had received 14 complaints of missing dogs since Nov. 1, and indicated the possibility that "dogsnappers" might again be active in the city and county.

Several reports in various parts of the state last year noted that dogs were being picked up by persons using panel trucks, station wagons and similar vehicles. Area police and the sheriff's office, joined others in the state in investigating reports that many dogs were missing and that suspected vehicles were active in the area.

**Memoriam**  
In loving memory of Dennis A. Lenahan, who passed away two years ago today. Our memory of you are keepsakes. With which we will never part. God has you in His Heaven. We have you in our hearts.

MOTHER, SISTER, NEPHEW.

**Memoriam**  
In memory of my husband and father, Dennis (Art) Lenahan, Sr., who passed away two years ago today, Nov. 8, 1961: I seem to see in the soft, dim light A face I loved the best. And think of him when the sun's last ray Goes down in the far-off west. I miss you no less as the time passes. Than I did on the day of your going. For absence can never close the door of my heart. And the lamp of my love is still glowing. Your heart was the truest in all the wide world. Your love the best to recall; For no one on earth can take your place. You are still the dearest of all.

WIFE, SON and FAMILY

## Douglas-Home Wins Seat

## Big Margin Takes Sting Out of Bad Loss in Another

PERTH, Scotland (AP) — British Prime Minister Sir Alec Douglas-Home won a seat in the House of Commons today by a whopping 9,328-vote margin which he hoped would take some sting out of a bad Conservative party defeat in another special election.

Defeat of the prime minister in the safe Conservative district of Kinross and West Perthshire would have been unprecedented disaster for the Conservatives and would have plunged Britain into a government crisis.

## Psychological Counter

Instead Douglas-Home's big victory was a psychological counter to the party's loss Thursday night, by another big margin, of the Commons seat for the district of Luton.

The Perthshire vote was: Douglas-Home, 14,147; Alastair Duncan Millar, Liberal, 4,819; Andrew Forrester, Laborite, 3,752; Arthur Donaldson, Scottish Nationalist, 1,801; Ian Smith, Independent, 78; William Rushton, Independent, 45; and Richard Watt, Independent, 23.

In a three-sided race in the 1959 general election, the Conservatives won the same district by a 12,000-vote margin. No one had expected them to come anywhere near that figure this time.

The 60-year-old prime minister was a member of the House of Lords until he renounced his earldom to succeed Harold Macmillan.

He prepared to return to London today for the clash with Harold Wilson's Laborites that will come with the opening of the new parliamentary session Tuesday.

It was vital for Sir Alec's political future that he gain a House of Commons seat. Nothing in the British Constitution so states, but it is regarded as imperative in the second half of the 20th century that a British prime minister answer for the conduct of his government in the popularly elected Commons.

Sir Alec told a news conference: "Luton was the last page of the chapter and Kinross-West Perth was the first page of the new."

## Predicts Victory

The prime minister predicted a victory for the Conservatives in the next general election, due to be held within the next year. Results of the Luton race, announced just before midnight, were a shock for the Conservatives.

The Labor party candidate, Will Howie, won the seat by a margin of 3,749 votes. He polled 21,108 votes to 17,359 for the Conservative, Sir John Fletcher-Cooke; 5,001 for Liberal Malvern Benjamin and 490 for Communist Anthony Chater.

In the 1959 general election, the Conservatives won the Luton seat by 5,000 votes in a straight fight with Labor. They had expected to run behind this time, but not so far behind.

## Beal Relinquishes

ber on the Board of Education," he said.

## Will Be Near to Work

He said he is moving "for compelling and valid personal reasons" in order to be near his work headquarters in Poughkeepsie. He is employed by Central Hudson Gas and Electric Corporation in an executive capacity.

His resignation to Trustee Kline reads in part:

"I have enjoyed my association with you and with our associates on the Board. I have learned to respect and admire the members of the school staff with which I have been associated in the course of my duties as a member of the school board."

"My service on the Board of Education has been a rewarding experience and for the most part a source of real satisfaction. I recognize I have gained the most from the association. I am therefore sincerely concerned about severing my connections with the Kingston school board at this time."

"I am confident, however, that under your wise and experienced leadership and under the sound and competent administration provided by Dr. W. Wendell Hoover (school superintendent) the board will function well and capably."

In conclusion, Trustee Beal said: "I am equally sure the schools will offer ever increasing academic opportunities for the youth of Kingston and vicinity and thereby sustain state-wide recognition and respect which the Kingston school system so richly deserves."

## Woman Hurt on 9W

A 30-year-old Poughkeepsie woman was injured Thursday night when hit by an automobile on Route 9W about three miles south of the Highland traffic circle. State Police reported Lania West was taken to Vassar Hospital suffering a fractured left leg. She was reportedly walking on the side of the highway when hit by a car driven by John E. Valand, 25, of Valley Stream, L. I.

## Educators Convey Chambers Land To Ulster Town

A parcel of land adjoining Morton Boulevard in the Town of Ulster deeded to the Kingston School District (Consolidated) by Adelbert H. Chambers, was conveyed Thursday night by the Board of Education to the Town of Ulster.

Trustee Arthur Withall, chairman of the board's building committee, reported the school district does not need the property for school purposes and feels that it would be in the best interest of the district to have the property used for town purposes.

The board approved a resolution conveying the property to the town for one dollar, upon the express condition that the tract be used and occupied by the town for town purposes. Otherwise title will revert back to the school district.

David Kline, board president, was authorized to execute a deed conveying the premises to the town.

## Policy Records Put in Evidence At Minny Trial

MINNEAPOLIS (AP) — Records of \$1,055,000 worth of insurance which T. Eugene Thompson took out on his wife have been placed in evidence at his trial on a charge of engineering her slaying.

John Winter, St. Paul insurance man who was on the stand when court recessed Thursday continued his testimony today about three policies he said his agency had sold to Thompson in late 1962.

Winter said Thompson, 35, had applied for a quarter million dollars worth of insurance on Mrs. Thompson but the three firms concerned finally had granted a total of \$105,000.

The witness, who was a fellow student with Thompson and his wife in St. Paul, said the last of the three policies—issued by General Insurance Co. for \$30,000—was delivered late in January.

The following March 6 Thompson's wife, Carol, 34, was fatally bludgeoned and knifed in the couple's fashionable St. Paul home. She was the mother of four.

Prosecutor William Randall brought out that the other policies were for \$50,000 with Time Insurance Co. and \$25,000, issued by the Zurich Insurance Co. Testimony showed Thompson had sought policies for \$100,000 each from General and Time, \$50,000 from Zurich.

Thompson, an attorney, is charged with first-degree murder. The state claims that, in addition to the insurance money, he had been having an affair with a former employee and wanted to marry her. The woman hasn't been identified.

## Financial and Commercial

NEW YORK (AP) — A stock market rebound continued early this afternoon in moderately active trading.

Gains of key stocks went generally from fractions to about a point.

The trend was generally higher among aerospace issues, steels, utilities, rails, electrical equipments, drugs, electronics and office equipments.

Xerox—which proposed a 5-for-1 stock split and a doubled dividend after trading closed Thursday—was up about 10 points.

CBS, recovering from recent selling, came back a couple of points.

Delta Air Lines, up more than 2, was conspicuous in its group, most of which gained fractions.

Radio Corp. advanced more than a point. Texaco and AT&T rose a point or so. Polaroid gained 5, IBM 3 and Control Data 2.

The Dow Jones industrial average at noon was up 2.83 at 748.49.

The Associated Press average of 60 stocks at noon was up 1.0 at 280.0 with industrials up 1.2, rails up .8 and utilities up .4.

Chrysler, up more than point, was the best performer among the autos. General Motors, selling "ex dividend" its \$2 payout just declared, showed a net loss of a point.

## Rocky's Decision Delights Mitchell

ALBANY, N.Y. (AP) — Former Secretary of Labor James L. Mitchell says he is "delighted" by Gov. Rockefeller's declaration of presidential candidacy.

Mitchell, who held the labor post in President Eisenhower's administration, was among more than 50 persons who sent congratulatory telegrams to Rockefeller's office here following the governor's formal announcement Thursday.

Rockefeller currently is stumping New Hampshire, where he will enter the nation's first presidential preference primary on March 10.

An aide to the governor said Mitchell's telegram wished Rockefeller good luck and invit-

ed him to "call on me for whatever assistance I may be able to render."

The telegrams were sent from all sections of the country and were arriving at a swift pace, the aide said.

Among the telegrams made public, Mitchell's was the only message from a nationally known figure.

## Too Liberal, Remarriage Critics, Governor's Main Opposition

## Rockefeller, Surprise Winner in 1958, Faces Even Greater Odds in Nomination Bid for 1964

By ROBERT T. GRAY

ALBANY, N.Y. (AP) — Nelson Aldrich Rockefeller closed his eyes and ears to the many reasons why he could not be elected governor of New York State and, five years ago this week, won a smashing, upset victory.

Now, against his presidential aims, the chorus that "You can't win" has increased tenfold. The reasons advanced are more numerous, more personal and graver.

And the odds against him are far greater.

## Another Uphill Battle

But the 55-year-old Rockefeller, a little grayer, his face a little more lined and his step not quite so bouncy as during his first political fight, began another uphill battle Thursday.

Most people who have followed his career have assumed from the beginning that his goal would be the presidency. He made one abortive try three years ago.

Few persons on or near the political scene give him any chance of victory this time.

The talk now sounds much as it did in 1958. Rockefeller then decided, after 18 years in appointive government posts, to risk the direct, political encounter that bring the victors the biggest rewards in public life.

With the help of skillful, experienced Republican leaders, Rockefeller blossomed on the campaign trails with a smiling, hand-shaking "just folks" approach.

## Ease Surprised Experts

Political experts who had expressed horror at such a bid by the grandson of John D. Rockefeller Sr. of the "robber baron" era were surprised at the ease with which Nelson Rockefeller charged voters.

When 1958 began, most observers thought the incumbent Democrat Averell Harriman, was unbeatable. Polls gave him a strong position. New York State had a tradition of giving second terms to governors who wanted them. Under Harriman, Democrats had even made some inroads in GOP strongholds upstate.

But Rockefeller continued driving and won in a dazzling upset that pushed him onto the national political scene. At 50, he was a bright new star in the GOP horizon.

His victory in his first try at elective office followed a varied career in business and government, most of it out of the public eye, as were his earlier years.

Nelson Rockefeller was born July 8, 1908, in Bar Harbor, Maine, son of the late John D. Rockefeller Jr. and Abby Aldrich Rockefeller. He is named for a maternal uncle, the late Republican Sen. Nelson Aldrich of Rhode Island, a longtime power in Washington.

## Wagner Contends Rocky Would Be Easy for Kennedy

BUFFALO, N.Y. (AP) — President Kennedy should be delighted if Gov. Nelson Rockefeller wins the Republican presidential nomination, because "he would be easy to beat," says Mayor Robert F. Wagner of New York City.

"The way the governor is trying to get to Washington, I really don't think he'll go there—for more than an overnight stay," Wagner told the Lawyers Club of Buffalo Thursday night.

He predicted Kennedy "will win very big in New York State" on his way to a second term, and said he did not think Sen. Barry Goldwater, a leading conservative, "would run very well" against him.

Referring to recent reports that he might be interested in running for the U.S. Senate, Wagner said "I like what I'm doing now."

He added, however, he would give "very serious thought" to the possibility.

graduated from Dartmouth College in 1930 with a Phi Beta Kappa key and a BA degree in economics. A few days later he married Mary Todhunter Clark, a Philadelphia socialite.

In the next 10 years, Rockefeller worked in various family enterprises throughout the world. The Rockefellers had five children, including twins Mary and Michael, born in 1938.

He expressed a deep interest from the beginning in Latin America, where the family's oil interests took him. He learned Spanish and still uses the language when campaigning in Puerto Rican sections of New York City.

Rockefeller's recommendations for improving the lot of South Americans and closer ties between the United States and that continent came to the attention of President Franklin D. Roosevelt.

In 1940, Rockefeller became coordinator of inter-American affairs, the first of a series of posts he held under three presidents.

## Special Aide for Ike

Rockefeller was a special assistant for foreign affairs to President Dwight D. Eisenhower when he returned to New York and entered politics.

His career since 1958 has been marked by political problems, surprising personal developments and a family tragedy.

Politically, Rockefeller has acquired the reputation of a leader of the liberal wing of the Republican party because of his strong stands on civil rights,

Medicare and other social legislation, public housing and labor.

State spending has gone up 60 per cent under Rockefeller, to nearly \$3 billion a year. Critics say he has avoided tax increases only through deferring the time when accounts must be settled and new revenues will have to be found.

Some critics contend that his career as governor has been devoted largely to forging a record on which to run for president, rather than dealing forcefully with long-range state problems and solutions.

## Displeases Some

Rockefeller was considered a leading prospect for the presidential nomination after the GOP lost in 1960. The governor had grasped for it himself that year, incurring the displeasure of many Republicans who thought he was trying to move too fast too soon.

But he was gaining support for 1964 when, in late 1961, it was announced that he and his wife were to be divorced.

Almost simultaneously, his youngest son, Michael, then 23, was lost while exploring in New Guinea. No trace of him ever was found and he is presumed dead.

Rockefeller, despite the divorce and state problems, won re-election as governor last year. Democrats had nominated a political novice who waged what most observers considered one of the worst campaigns in recent years.

While Rockefeller's victory margin dipped from its 1958 point, it remained above a half-million and he soon was con-

sidered by many to be the leading candidate for the GOP presidential nomination.

## Still Trails Barry

He tumbled from that peak and almost out of the race on May 4, when he married Margaretta "Happy" Murphy, 36, mother of four children, whose divorce had become final a month before the marriage.

Almost immediately, Sen.

Barry Goldwater of Arizona, the conservative leader, surged ahead in polls and has had a commanding lead ever since.

Rockefeller's opposition is divided between those who say he is too liberal and those who criticize his remarriage.

He has reacted to the Goldwater lead by saying:

"When the going gets tough, then it's time to fight harder, not run for cover."

## Q: IS THIS YOUR RELIGION?

We believe that truth is not something fixed and established for all time. It is, instead, the constant goal of our individual inquiry. While we draw upon the inspiration of our Judeo-Christian heritage, we recognize no religious tradition as final. We study all living religions, and appreciate and assimilate religious truth from whatever source it may come. The mind must be kept open, teachable, flexible.

Think twice before you speak—and you'll find that somebody has changed the subject.

Sally—That bashful boy friend of mine is a G-man.

Sara—A government man?

Sally—Now, all he can say is 'gee'!

Television is called a medium because so little of it is either rare or well done.

An Indiana farmer posted this sign: "For Sale—Thirteen Good Hens Laying Eggs, also Potatoes, Fence Posts and Baldwin Apples." Another sign over a crate of eggs reads: "Fresh Eggs, Chicks Inside."

First Man—Hey! Sit down in front!

Second Man—Quit yer kidding, I don't bend that way.

The Davidsons were entertain-

ing at dinner in honor of Mr. and Mrs. Warren, just returned from their honeymoon and looking the part. Six years old Doris, dining at a smaller table, found herself more or less excluded from the conversation and proceeded to recite bits of nursery rhymes in a shrill voice for purposes of attracting attention to herself. No one paid much attention to her until, during a pause at the head table she began in a high-pitched sing-song: "Needles and pins, needles and pins when a man marries—" she hesitated, striving to recall the remainder of the couplet. Suddenly her brow cleared. "When a man marries, the cradle will rock!" she finished triumphantly, and wondered why she was sent out of the room.

Hello, Friend! Wouldn't it be a wonderful world. There'd be no fights or sorrow, If everyone was as downright nice As the guy who wants to borrow.

Visitor—And have you any little sisters at home?

## Fake Oil Lubricates Gears of Communism

By LEON DENNEN  
Newspaper Enterprise Analyst  
RIO DE JANEIRO — (NEA) — The story behind Russia's sudden discovery of vast oil deposits in Brazil where none exist might seem incredible to the rational mind.

Yet it makes an exercise in futility of President Kennedy's policy to woo the sick giant of the Western Hemisphere with lavish handouts of Alliance for Progress funds. It gives Nikita Khrushchev another opportunity to show Mao Tse-tung that Moscow can subvert Latin America's fragile freedom under the cover of peaceful coexistence.

Chief actors in the oil drama are Walter Link, a respected American geologist, two Russian oil "technicians" known as Bakirov and Tagiev and Gen. Albino Silva, president of Petrobras, Brazil's Red-dominated government company for the exploration and importation of oil.

It was at the request of Petrobras that Link spent six years looking for oil in Brazil. In his

final report he took a rather gloomy view of the country's oil potential. But he recommended that while some areas should be written off, some should be explored further.

### Richest Country

Brazil, a huge country which covers almost half of South America, potentially is the richest in the world. It has vast untapped mineral resources — but not much oil. Walter Link said so. His report outraged the top Reds and their agents who had managed to gain control of Petrobras. They denounced it as another plot against Brazil on the part of "Yankee imperialism."

For if there is not much oil in Brazil there is obviously no need for Petrobras, which was created primarily to explore for the country's oil deposits. But the Petrobras Reds had already prepared grand schemes to increase their hold on Brazil's economy. The schemes included the nationalization and control of the Brazilian holdings of the U. S. and other companies which sell oil to Brazil.

### Optimistic Report

Thus it happened that Bakirov

and Tagiev appeared last April. They were invited by Petrobras to confirm or deny Link's findings.

It took the Russians less than six months to submit an optimistic report about the huge country's oil potential. They even found that Brazil could quadruple her oil output by 1970. This was announced by a triumphant General Silva at a press conference.

The implication was clear: the lying Yankee imperialists wanted to keep Brazil down, while Russia, the nation's greatest friend, came to her rescue.

What deepened the mystery was the fact that the two Russian "technicians" came to Brazil not merely as Soviet agents but also as "neutral" representatives of the United Nations.

### Refute Allegations

Geologist Link, who now lives in the United States, has since refuted the Russians' allegations that Brazil has even "enough oil for export." In a letter to Rio's *Jornal de Brazil* Link wrote that "for the formation and large scale accumulation (of oil deposits) there are lacking a sequence of geological events and

conditions propitious for sedimentary deposits." This is a geological fact even "the Soviets cannot change," Link said.

But Nikita Khrushchev had the last laugh, after all. Gen. Silva has announced the construction of two 45,000-barrel-a-day oil refineries in Porto Alegre and Belo Horizonte which the troubled Brazilians, plagued by a ravaging inflation and economic chaos, need like holes in the ground.

## Today's Business Mirror

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—Will tightening of credit in the stock market mean further tightening of business and consumer credits and higher interest rates?

The same agency that raised stock margins, the Federal Reserve Board, also pulls the strings in other lines, dear or easy money, lower or higher rates. And these can affect many more people and businesses than just the traders-on-margin in the stock market.

### Highest in Months

Snap judgment of bond traders was that the stock market ruling did mean tighter credit elsewhere, sooner or later. And bond sales volume Wednesday was the highest in months.

Most bond prices were lower — meaning yields from the fixed-interest securities were higher, in line with tighter credit ex-

pected. But there was a strong market for bonds shortly to mature as they might be wanted by stock traders preserving their margin accounts with brokers now that new stock purchases require 70 per cent cash instead of 50 per cent. Such bonds could come in handy for additional security, as required. The Fed doesn't telegraph its credit punches.

It chose Tuesday, election day when the New York exchanges were closed, to raise the margins. Wall Street had been braced for some such action because of the rising volume of credit used in stock dealings, the frenzied activities of stocks favored by speculators, and the generally rising prices and volume of trading.

Surprised Many Traders

But even so, choosing of Tuesday for the announcement surprised many traders. And Wednesday saw a large volume of trading in stocks with the traditional, even if temporary, drop in prices.

And the Fed doesn't announce ahead of time that it's going to raise the bank discount rate—usually meaning higher interest rates elsewhere, especially for short-term borrowing; nor when it will change the amount of reserves member banks must

keep with the central banks—meaning tighter money, usually making it harder and costlier to borrow either short or long-term.

But other Washington officials have been at some pains in recent days to indicate they think the degree of tightness in the money markets now is just what the domestic economy and the

international payments situation needs. Some observers, therefore, think the Fed's action Tuesday was just what it said it was: a clampdown on rising volume of speculative stock trading on credit. If so, other credits may be affected only psychologically—as witness Wednesday's bond market.

## Educated Must Take Menial Jobs—or None

### Political Stability in Korea Hit by Inflationary Spiral

By WILLIAM L. RYAN  
AP Special Correspondent  
SEOUL, South Korea (AP) — "They educated us to be unemployable," a young South Korean said with a mirthless laugh. Young men seem restless in this tense little republic of 27 million which lived through a

bloody war against communism and remains alert to the possibility of another one.

Their complaints underscore dangers in South Korea's present economic condition. An inflationary spiral is a clear threat to political stability.

Jobs are hard to come by. One big newspaper, advertising for a few apprentice newsmen, received applications from 400 college graduates. A similar story comes from corporations and banks.

Well-educated young men are forced to take jobs far beneath their abilities, or even to remain jobless.

All this leads to feelings of frustration among a highly important element of the population. Students who study abroad notably in the United States, remain away from home rather than return to a country in which they have no place to go.

## Search Continues for 2 Hunters in Herkimer

OLD FORGE, N.Y. (AP) — State Police and Conservation Department personnel continued their search today for two big-game hunters reported missing near this Herkimer County community in the Adirondacks.

Police said Gary Marcinkowski, 24, of Woodlawn, Erie County, and James Smith of (Rickmary Road) Rome were reported missing by companions Thursday afternoon.

Harry Burchfield of Buffalo told authorities that he and Marcinkowski became separated about 3 p.m. Thursday in the Cascade Lake area between the communities of Eagle Bay and Big Moose in the Adirondacks. Police said Smith was believed lost in the woods near Stillwater Reservoir in Northern Herkimer County in the Adirondacks.

## Police Might Have Saved Mrs. Benny's Jewels

NEW YORK (AP)—Mary Livingston, wife of comedian Jack Benny, might not have lost \$200,000 worth of jewels to a robber if she had accepted police protection, says Police Commissioner Michael J. Murphy.

A man robbed Miss Livingston Nov. 2 in her suite at the Hotel Pierre. Benny had left earlier for an appearance in Pittsburgh. Miss Livingston was not harmed.

Murphy said Thursday the Bennys have not been the only celebrities to reject offers of protection.

A similar case of refusal where a theft later occurred, Murphy said, involved Patricia Wymore, widow of Errol Flynn. Two fur coats valued at \$8,000 were stolen Oct. 4 from her Drake Hotel suite.

## BERRY'S WORLD

"What do YOU think I think about challenging the Cosa Nostra to a touch football game?"

## Communal Sect Combines Marx, Christian Theory

WASHINGTON, Ont. (AP) — Karl Marx and Christianity find a common ground on a 1,200-acre farm near this western Ontario village.

A sect known as the Brethren of Early Christianity practices communal living to a degree that forbids any of the 95 persons living on the farm from possessing either money or property.

Brother Alexander Bago, one of three elected trustees who administer the community, quotes Marx in defining its aims: "From each according to his ability; to each according to his need."

But he emphasizes that the farm is operated in conformity with the word of God and in the style of early Christianity. "All things, all things in common, so doth the Bible read; all things, all things in common, the spirit gently pleads," the brethren sing, convinced they are living by the Book of Acts.

The sect, derived from the Hutterites, was founded in 1931 on a farm near Kitchener, 10 miles northeast of here, by Brother Julius Kubasek. There were only three adults and three children in the first community.

During the depression the community transferred its holdings to Bremen, Sask., and later to Yarrow, B.C., where membership grew to 21. In 1940 a farm was bought near here.

The community, with its central treasury providing for the needs of all its members, is almost self-supporting. Women pack and freeze produce for the table. Homemade bread and farm-produced meat are served.

There is a modern, two-room school building providing elementary education to the eighth grade level. Those who continue on may take Department of Education correspondence courses.

The doors are open for any who want to leave and there is a welcome-along with a year-long preparatory period — for

those who want to join the brethren.

"Communal living means we

must learn to bear one another's burdens," says Brother Orval Baer. "People who have lived a life of self-indulgence would find some things here a real cross."

## Compliments Go To GOP Women For Vote Work

Members of the Ulster County Women's Republican Club were commended for conducting Uptown Republican headquarters at the closing of the office last Tuesday night.

The women took turns running the office from the date it opened, October 10, at 302 Wall Street. City GOP Chairman Howard C. St. John was generous in his praise of the ladies who gave of their time which many found a real sacrifice to do.

St. John said that much credit for the Republican sweep throughout the city and county on Election Day could be credited to the efforts of the GOP women. He emphasized also that "we are indebted to the Ulster County Young Republicans who helped staff the headquarters and were very active in getting the public to the polls, also to Mrs. John Schomer who was in charge of all activities."

Mrs. Lillian Crosswell was chairman of the headquarters group and co-chairmen were Mrs. Hilda Krum and Cordelia Feltman.

Republican women included on the staff were Mrs. John J. Schwenk, Mrs. Joseph F. Carroll Jr., Mrs. Hugh Elwyn, Mrs. Raymond J. Mino, Mrs. Arthur Davis

## National Traffic Deaths All-Time Record for Sept.

There were more traffic deaths in September—3,970—than in any September previously recorded, according to the National Safety Council.

Council officials said that the nationwide toll was nine per cent higher than the 3,640 who died in September 1962, and six per cent more than 3,746 in 1941, the former September record.

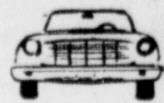

Traffic deaths in September continued to mount to new record highs, the Council said. In the first three quarters of the year there were 31,170 fatalities, six per cent more than the previous nine-month high of 29,540 recorded last year.

Last September was the 21st of the past 23 months to show an increase from the corresponding month a year earlier.

While the number of deaths increased six per cent, the amount of travel rose four per cent in the nine months, the Council reported. The resulting death rate was 5.2 fatalities per 100 million miles traveled, up

two per cent from 5.1 last year. day of the accident. Minor injuries from traffic accidents probably totaled still another 1.1 million.

Hollywood's social set turned out for Laurence Harvey's pre-Broadway debut with Elaine Stritch in "The Time of the Barracudas" at the Huntington Hartford. The macabre farce about a wife and husband killer who marry each other seems destined for rough waters. Esther Williams made one of her rare appearances, escorted by steady beau Fernando Lamas. Will she get back in the swim? "Not if I can help it," says leisure-loving Esther.

Want to know how Bing Crosby got the job with the Frank Sinatra mob in "Robin and the Seven Hoods"? He asked for it. Phil Silvers says Sgt. Bilko is haunting him. Other television stations play the old series the same night as his new CBS show. His only consolation: The residual payments go to his daughters. Phil is juggling his factory show; new characters, including a family for foreman Grafton, and the action will move outside more.

## BRIDGE

### Gallant Defender Must Reform

Everyone who has ever played rubber bridge has suffered with that type of partner which I call "The Gallant Defender."

The gallant defender is going to keep the flag flying irrespective of the cost and there is nothing his partner can do about it. Once in a while the defender will point out that the 1100-point set he took was really worthwhile because he went on to win the rubber and actually saved a couple of hundred points.

Chicago, or four deal bridge, is likely to cause these gallant defenders to mend their ways. Even their sophistry can't justify an 1100-point set when it ends the game.

During the past year program grants from World Fellowship Funds contributed by members of the YWCAs of the U.S.A. aided YWCAs in 18 countries overseas to strengthen their programs and to start new projects to help meet human needs.

On the other hand Chicago does encourage overbidding, but with good hands only. The fact that there is a potential game bonus on every deal makes it rather silly to hang one short of game if there is any real chance to cash in on that bonus.

## Glancing Over TV Bill of Fare

By CYNTHIA LOWRY  
AP Television-Radio Writer  
NEW YORK (AP) — After Thursday night's gay and tuneful "Bing Crosby Show" on CBS, there are undoubtedly a number of pressure groups being formed.

I'd like to start one myself: to get Buddy Ebsen out of those clodhoppers and into his dancing shoes. Bing had the star of "The Beverly Hillbillies" on his variety show.

Seeing Buddy in black tie after all that time as Davy Crockett's 'coon-capped sidekick' and as yokel Jed Clampett—showed a side that a lot of us had almost forgotten. He's a marvelous and sophisticated dancer.

From year to year, Crosby usually turns out the same kind of tasteful, uncluttered and tuneful variety show. Thursday night's was no exception.

Caterina Valente, an interesting Italian performer, sang well, danced well and worked nicely with Bing. Andrea Previni played some exciting piano and teen-age choral group called the "Young Americans" did some fine singing.

NBC's second "Children's Theatre" special of the season will be shown Sunday afternoon, Dec. 15. It will feature the NBC

Orchestra with a commentary by Igor Buketoff of the Fort Wayne (Ind.) Symphony Orchestra, who will conduct.

The first show, "Quillow and the Giant," a musical fantasy, drew an enthusiastic response from young audiences and their parents.

Recommended weekend viewing:  
Tonight—"The Great Adventure," CBS, 7:30-8:30 (EST) — "The Great Diamond Mountain," with Barry Sullivan and Dick Foran, about a real 1870 diamond strike.

Sunday — "20th Century," CBS, 6:30 p.m., recalls the wartime "Road to Berlin" between 1945 and 1946; "That Was the Week That Was," NBC, 10-11, satirical treatment of topical events with, among others, Mike Nichols and Elaine May.

Some toads give off a poison from their skins and this may be strong enough to make a dog unconscious.

## Saugerties Town Board Approves \$210,848 Budget

A \$201,848 preliminary budget, exclusive of county charges, was approved by Saugerties Town Board Thursday in the Town Hall, following a public hearing, in the afternoon.

The new budget is only \$351 higher than last year.

Estimated revenues total \$99,433.40, leaving \$102,414.60, all highway department appropriation, to be raised by taxes.

Estimated revenues more than cover the general cost of local government listed in the budget at \$98,848. Therefore the township raises no taxes for the cost of local government.

Supervisor Peter M. Williams, at the time the budget was announced, said increased assessments on new properties developed since the last budget are expected to hold the tax rate close to last year's figure of \$48.79, despite anticipated increases in county charges.

The next tax rate will not be known until county charges are allocated and added to the general fund appropriation.

Only three taxpayers attended the hearing. The legality of the post of town police justice was questioned. The budget allows a \$900 salary per year. The Town Board advised that the matter of eliminating the post requires special legislation and this will be studied before any action is taken.

At the Town Board meeting at night Kenneth Blundell, defeated Democratic candidate for justice of the peace in Tuesday's elections, registered a complaint about District 10 polling place at Mt. Marion. The old Mt. Marion School building is used in that district. Blundell said election inspectors complained about the outside lavatory facilities.

Supervisor Peter M. Williams said there had been some difficulty in finding a suitable polling place in District 10 and also in District 11, Barclay Heights. It was pointed out that the new school could not be used because classes are held there on Election Day.

Regarding the Echo Hill site offered for sale by Mrs. Louise Fatum for a town dump, the board advised Mrs. Fatum that they inspected the site but had come to no decision to date.

On the same matter, a letter from Centerville Fire Company was read in which the volunteers objected to any consideration for establishing a town dump on the Echo Hill site near the firehouse.

A letter from Quarryville Civic Association thanked the board on the action taken to repair the old Route 32.

**Guidance Director At Conference**

Miss A. Frances Larned, director of guidance on the staff of Saugerties High School attended the 1963 conference of New York State Association of Deans and Guidance Personnel on November 3, 4, 5 at Kiamasha Lake.

This 37th annual conference was chaired by Association President Fay L. Corey, professor in the State University of New York at Cortland. The keynote address was delivered by Dr. Solon T. Kunnball, professor of anthropology at Columbia University, who discussed societal and peer group influences on student behavior.

Approximately 1,200 members attended this year's conference, as well as a considerable number of deans and professors from many other states. A broad selection of addresses and panel sessions were headed by representatives from the Department of Education, the United States Office of Education, the United States Department of Labor, and 16 leading educational institutions.

## Scout Pack 130 Inducts 19 Cubs

Newly formed Scout Pack 130 held its first Pack meeting since its charter approval Monday night. The meeting was held at the Trinity Episcopal Parish Hall in Saugerties.

The highlight was the induction of 19 new boys into the first rank of Cub Scouting, the rank of Bobcat. The induction ceremonies were conducted by Cub Master, Tom Farnham and Assistant Cub Masters Richard Mandt and Merwyn Jones.

Boys who received their Bobcat badges were David Connard, Scott Farnham, David Holmquist, Thomas Kelly, Fred Maldonado, Richard Mandt, Michael Adams, Scott Burkhardt, Robert Schultis, Mark Warfel, Richard Lorenz, Craig Fischer, David See, Douglas Smith, James Meyers, Merwyn Jones, Mark Kerr, Kenneth Mathis and David Oakley.

In addition to the Bobcat ceremonies, Dens 1 and 3 presented skits, based on Fire Safety and a Halloween Ghost Story.

The new pack is presently made up of 4 Dens and a total of 28 Cubs. The Dens are under the direction of Mrs. Hugo Holmquist, Den Mother Den 1, Mrs. Doris Hornbeck, Den Mother Den 2, Mrs. Lorraine Whitaker, Den Mother Den 3, and Den 4 is at present in need of a Den Mother.

John Warfel, Pack Committee chairman, announced that the first annual fund-raising event will be conducted during the pre-Christmas season. It was also announced that the first advancement ritual of AKELA will be held at the November Pack meeting Nov. 22. This ceremony will be primarily for the more seasoned cubs who have earned advancement badges and elective credits.

In addition to the 19 new cubs, the remaining Pack membership includes Dana Holmquist, Edwin Maldonado, William Lorenz, Carlton Whittaker, Edward Hillie, Scott Schultis, Edmond Phillips, William Benson and Frank Szlachetka who made application for membership on the night of the meeting and will become a Bobcat soon.

The Adult Committee of Pack 130 presently consists of John Warfel, chairman; Wilbur See, treasurer; Lloyd Connard, advancement; Don Kelly, training; Jess Adams, secretary; Phil Higgins, outing, and Frank Stangorone, assistant chairman. Refreshments were served following the closing of the meeting under the direction of Mrs. Doris Hornbeck. The cubs of Den 2 closed the meeting with a song.

**Kiwanians 'Tour' Coast Vineyards**

A motion picture tour of the famous Almaden Vineyards in California was the program of the Kingston Kiwanis Club Thursday.

These age-old vineyards are the source of the famous Almaden wines, with the picture showing the planting, growing, harvesting, and processing of the grapes or "berries" for the making of the wines.

A view of the present vineyards and another of the new vineyards now under construction were features of the film. The program was arranged by George Beck, chairman of the program committee of the Kingston Kiwanis Club.

## Reformed Church Sets Communion Breakfast Sunday

Sunday services at Saugerties Reformed Church will begin with a Communion breakfast for men at 7 a. m. in the church chapel. The men of the Methodist Church will be guests. Officiating at the service will be the Rev. Orville Jay Hine, pastor of the Reformed Church and the Rev. Joseph Rainear of the Methodist Church. All men of the community are invited.

Col. John P. Fellows, chaplain, now stationed at the Andrews Air Force Base at Washington, D. C., will be the guest speaker at the breakfast on the subject, "Your Other Vocation."

Col. Fellows is the son of the late Lewis Fellows and Mrs. Fellows of Saugerties and is an ordained minister in the Methodist Church, a member of the New York Conference. He was recently transferred to Washington after serving for three years as chaplain at the Hickham Air Force Base at Honolulu, Hawaii. Col. Fellows will speak on the question of the witness of the layman to the community in which he lives.

Silas Van Etten, elder of the Reformed Church, is in charge of the arrangements for the breakfast to be served by the ladies of the Women's Guild for Christian Service.

At the 11 a. m. service the sermon subject by the pastor is entitled, "The Significance of Christian Worship." Music will be by the adult choir under the direction of Howard Houghtaling. Sunday church school will be held at 9:45 a. m. with the worship service being led by the seventh grade class with Landley Gould Jr. as teacher.

At 4 o'clock in the afternoon the first visitor's training session in preparation for Stewardship Sunday will be held under the direction of Willett Overbaugh and Robert S. Russell. These persons will present the program of the congregation to the entire membership beginning on Stewardship Sunday, Nov. 17.

A program of the church for the year 1964 was adopted at a congregational meeting held last week in the amount of \$31,544. Of this amount \$23,416, will be for the program of worship, Christian education, and care of the property; \$8,128 will be for the national and world mission of the church including \$1,498 for the work and the building program of the New Brunswick Theological Seminary.

The program was presented to the congregation by the consistory of the church under the leadership of Ralph Hayes, program chairman, assisted by John DeGroff, Percy Dederick, LeRoy Snyder, James Abbott, and Stanley Olsen. General chairman for the stewardship emphasis is George Turner with William Kiernan as resources chairman; Abbott, materials chairman; Overbaugh and Russell, visitations chairmen, and Hayes as program chairman.

The Youth Fellowship will meet from 7 to 8:30 p. m. Sunday. The pastor will continue a discussion on the subject, "Why We Believe in God." Worship and program will be in charge of the Outreach Committee, Cheri Hine, chairman.

**Upstate Man Killed**

HAMMOND, N. Y. (AP) — Richard A. Marsaw, 22, of Hammond, was killed Thursday night when his automobile failed to make a curve on a county road near here and struck a tree. Marsaw was thrown from the car.

He was employed as a barber at Watertown, south of here.

## Dirksen Blasts Dodd as Critic Of Senate Hours

WASHINGTON (AP) — Declaring he "felt like a skunk at the lawn party," Sen. Thomas Dodd has offered his regrets for steaming up the Senate's decorous atmosphere.

And the senators welcomed the abashed member back in the club with a round of applause.

So ended two days of harsh words that began with Dodd's charge Wednesday that the Senate leaders are maintaining Wall Street hours of 12 to 5 while legislation is gathering dust.

Neither of the leaders, Republican Everett M. Dirksen or Democrat Mike Mansfield, was present at the time.

But Thursday Dirksen was almost waiting at the door, his temper ruffled, his usual mellow tones brassy.

"If you want night sessions, we'll keep you here, and then you will know what's going on," Dirksen shouted at Dodd.

Dodd replied he was not downed by Dirksen's "menacing words and implications."

Mansfield took it easy on his Democratic colleague and said he is not going to turn the Senate into a sideshow to "give the appearance of being busy for the purpose of impressing the boss—the American people."

Then later, as Dodd told the Senate, Mansfield called and offered to come over and see him.

"It made me feel like a peanut," Dodd told his colleagues Thursday night. He said he considered Mansfield "a gentle, decent, honorable man—a great soul."

Dodd explained that when he first spoke out he was "upset by all these delays we have been having" but that he wanted to tell his fellow senators "we do have wonderful men to lead us."

Earlier in the day, when the air was hotter, Dirksen asserted that Dodd "ought to get a seeing-eye dog" to lead him to the chamber "so he can be around more often."

**Weezenaar Wins Supervisor Post In Town of Lloyd**

Long-time Assessor Harry Weezenaar, heading the Democratic slate for the post of supervisor of Town of Lloyd, won over Alfred Zimmerman, Republican 1,325 to 972, a plurality of 353.

The Democratic incumbent, John J. Gaffney, who won the post by a margin of five votes in 1961, did not choose to run for reelection. Gaffney was Democratic minority leader in Ulster County Board of Supervisors. He is completing his seventh two-year term. In 1961 Gaffney nosed out Eugene K. Noe (R).

Town Clerk Vincent Gaffney polled 1,006 on the GOP line and 1,282 on the Democratic line for a total vote of 2,288. Other unofficial results follow:

### THE BRIDE'S DIVORCED PARENTS

Q: The daughter of a friend of mine is going to be married and a problem has arisen which he asked me to write to you about for the correct procedure. At the reception, after the bride and groom dance the first dance, the parents of both join them on the dance floor. However, inasmuch as my friend is divorced and his ex-wife has remarried, would it be proper for the bride's mother and father to dance together, or does she dance with her present husband?

A: It would be in very bad taste for the bride's divorced parents to dance together. The bride's mother dances with her present husband and the bride's father would dance with his daughter after her first dance with the groom.

### A Present to Her Son's Fiancee

Q: My son has just announced his engagement and I was told that it is up to the man's mother to buy his fiancée a personal gift. Will you please tell me if this is true, and if so, have you any suggestions to what I might give her?

A: There is no set rule, but it is a rather typical impulse of welcome on the part of a future mother-in-law to give her son's fiancée a present. If you have a piece of family jewelry that you could give her that would be perfect; otherwise anything for her personal adornment.

### Bride Given Away by Young Brother

Q: Would my 16-year-old brother be too young to substitute for my father who is not living, and walk up the aisle with me and give me away at my wedding? My mother regards him still as "the baby" and thinks he is too young for this duty. May I please have your opinion?

A: Unless your brother is short and very young looking for his age, he could quite properly give you away.

The clothes of the bride's and groom's parents as well as those of the wedding guests are described in the Emily Post Institute booklet entitled, "Correct Clothes for a Wedding Reception." To obtain a copy send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, in care of The Freeman.

## Judith Ann Alexander, Gerard Richter Jr. Married; Plan to Reside in Bloomington

Miss Judith Ann Alexander, daughter of Mr. and Mrs. Douglas Alexander of St. Remy, took their marriage vows in the Church of the Ascension, West Park, on Sunday, Nov. 3 at 2 p. m.

Officiating was the Rev. Paul Parker. It was a double ring wedding ceremony. White mums and pompons decorated the altar for the occasion. Given in marriage by her father, the bride wore a gown of organza over bridal satin with accents of Alencon lace. The gown was styled with a sweetheart neckline, bouffant skirt and double obli sash which swept back into a chapel length train. A crown of rhinestones held her veil of silk illusion. She carried a cascade of white flowers.

Ellen Leverenz of New York City was the maid of honor. She wore willow green satin styled in straight lines, floor length, with a flowing back panel. A matching floral headpiece held a short veil of silk illusion. She carried gold pompons. The bridesmaids were attired in similar gowns but in gold satin. They carried rust colored pompons. Serving as bridesmaids were the bridegroom's sister, Charlotte Richter of Ulster Park, Patricia Ausanio of Kingston and Jeanne Lehmann of New Hyde Park, L. I., cousin of the bride.

## Anti-Defamation Is Discussed Here by B'nai B'rith Girls

Arthur Kaufman, member of the Kingston B'nai B'rith Men's Chapter, was guest speaker at the first regular business meeting recently of the B'nai B'rith Girls of Kingston, Deborah 72.

Kaufman discussed the organization and work of the Anti-Defamation League, an organization dealing with persecution of all minority groups and their civil rights.

Present officers of the BEG include, president, Flory Dinerstein; vice president, Phyllis Klein; corresponding secretary, Lois Muller; recording secretary, Joan Gollup; treasurer, Celia Farber; and historians, Shelley Green and Lynn Josephson. Chairmen of the six folds of the organization are June Cohen and Rachelle Lipton, religious heritage; Jane Katz and Francine Weiner, service; Gloria Bahl, citizenship; Jacalyn Levine and Helen Horowitz, fellowship; Shelley Green and Lynn Josephson, creativity; and Judy Weiner and Harriet Svirsky, recreation. Lois Muller is publicity chairman. Advisers are George Farber and Mrs. Alfred Horowitz.

### WCS Christmas Bazaar

A Christmas Bazaar, sponsored by the Woman's Society of Christian Service, will be held at 3 p. m. on Wednesday, Dec. 4 at the Clinton Avenue Methodist Church. All church organizations will participate.

A turkey dinner will be served the same date in the church from 5:30 to 6:30 p. m. Tickets are available from members of the W.C.S., the Men's Club or from Mrs. Louis Becker, ticket chairman. The bazaar, which will feature attractive booths for Christmas shoppers, will continue at 1 p. m. Thursday, Dec. 5.

## Catskill Glee Club Concert of Sacred Music On Nov. 15; Rondout Presbyterian Church

The Catskill Glee Club will present a concert of sacred and secular music at 8:15 p. m. Friday, Nov. 15, in the Sanctuary of the Rondout Presbyterian Church.

The concert is presented under the auspices of the board of trustees in recognition of the church's 130th anniversary. Tickets may be purchased from any member of the board, from John A. McCullough or at the church door the evening of the concert.

The Glee Club, now in its 37th season, has presented more than 500 concerts in churches and schools in the eastern section of New York State and western New England. In male chorus circles, it has been referred to as "the traveling club in the country." Members come from

a wide area of Ulster, Columbia and Greene Counties, some driving as far as 50 miles to attend rehearsals.

The club was founded in 1927 by Rolland E. Heermance, who served as conductor until his death as the result of an auto accident in June 1960. Since then the chorus has been directed by Donald S. Fellows of Saugerties, who had served a number of years as assistant director.

The club has a library of more than 400 numbers with a repertoire of standard glee club selections, sacred numbers, musical comedy and old favorite selections.

Especially popular in the past few seasons has been the club's medley of old-time ballads sung in the Mitch Miller style.

The 50-man club is looking forward to presentation of a program at the World's Fair in New York City on Aug. 15, 1964.

## Berg's Opera 'Lulu' Will Be Discussed In Lecture; New Paltz

Alban Berg's last opera "Lulu" will be the subject of an illustrated lecture by Professor George Perle of Queens College on Friday, Nov. 15, at 8:30 p. m. in the College Union Lounge of State University College in New Paltz.

According to Dr. Victor Landau, Professor of Music, Dr. Perle will be prepared to answer questions about Berg's music and the music of other twelve-tone composers.

The general public is invited to attend, and there will be no charge for admission.

The composer of "Lulu," Alban Berg, is best known for his earlier opera "Wozzeck," acknowledged as a masterpiece for its strong emotional appeal and uncompromising originality. "Lulu," on the other hand, is a controversial piece. Some call it a "shocker" while others, including Dr. Perle, consider it to be Berg's greatest work.

"Lulu," was begun in 1928 and left unfinished when the composer died in 1935. Berg himself adapted the libretto from two plays by the German social dramatist, Frank Wedekind, himself a controversial figure.

Dr. George Perle is well known as a composer and as the author of Serial Composition and Atonality, a standard reference work for students of modern music.

## Clarkson College Alumni Has Dinner

Members of the Mid-Hudson Section of the Clarkson College Alumni Association held their annual dinner meeting Thursday night in The Kitchen, Hyde Park. About 40 members and their wives attended.

Dr. William L. Whitson, newly-inaugurated president of the college, was principal guest and speaker. Before assuming his present position, Dr. Whitson was actively engaged in the U. S. Aero Space research program.

William Fiesinger, Clarkson's director of alumni relations, showed colored movies of Dr. Whitson's inauguration ceremony.

James E. O'Shea, of Poughkeepsie, Mid-Hudson Section chairman, was in charge of dinner arrangements. Frank Goth, also of Poughkeepsie, section secretary, served as reservations chairman.

## Stripes Making Scene In New Fashion Show; Box Pleats Popular

By JEAN SPRAIN WILSON  
AP Fashion Writer

NEW YORK (AP)—Within 47 minutes and 27 seconds, a half dozen pretty mannikins modeling 113 costumes altogether entered the plush Christian Dior showroom Wednesday, whirled, smiled, donned and doffed jackets and coats, fiddled with scarves, and exited in the chicest track meet in town.

There were lots of favorites with the audience of buyers and fashion reporters, but the winner, designer Gerson Bertelot, did not appear for his applause.

Probably some of the credit for that record time clocked on the runway belongs to those jaunty box-pleated skirts, and the flared ones too, that gave the girls plenty of leg room.

Topping these skirts were lean, hip-bone length jackets or overblouses, double-breasted or zippered down the middle, with set-in sleeves.

The muscle and broad shoulders on some models in those coats gathered at the back of the neck, or in those dresses with cap-length puffed sleeves, were courtesy of padding, not exercise.

Abundant in the racy spring collection were plaids and checks as well as stripes—pin, pencil, and broad awning types. Colors for day were as spicy as mustard, as hot as heliotrope, but soft for social occasions.

## Quednau-Hinners Wedding Is Announced; Ceremony Takes Place in Woodstock Church

Miss Caroline Gertrude Quednau, daughter of Mr. and Mrs. Kurt Quednau of Woodstock, exchanged nuptial vows in the Woodstock Reformed Church with Frederick Ambler Hinners, son of Mr. and Mrs. Frederick J. Hinners of Tillson.

The marriage ceremony took place on November 3 at 2 p. m. The Rev. Donald Hicks officiated and Dorothy E. Haussler was the organist.

White gladioli decorated the church for the occasion.

Given in marriage by her father, the bride wore a full length gown of pure silk styled with scooped neckline outlined with lace appliques of seeded pearls and sequins, long tapered sleeves, a beaded cummerbund and a bell shaped skirt. A crown of pearls held a full fingertip veil of silk illusion. She carried a prayer book with white roses and stephanotis.

The matron of honor was the bride's sister-in-law Decia Quednau of Woodstock. She wore a sapphire blue gown in street length. Her flowers consisted of pink roses and pink pompons.

Other attendants were Betty Lou Haughey and Mary Virginia Yarter of Kingston. They wore dresses of lighter blue and carried pink roses with pink pompons.

Best man was the bridegroom's brother-in-law James Yarter of Kingston. Ushers were Edmund Quednau of Woodstock, brother of the bride; Richard Hinners, brother of the bridegroom.

A reception was given in Kirkland Hotel in Kingston. Mr. and Mrs. Hinners will reside in Woodstock when they return.

# KHS Hosts Middies; Saugerties Visits Beacon Saturday

## Hoople Bows Out

## Grid Expert Tabs SHS, Kingston to Earn Wins

Egad, dear friends, neighbors, etc. Last week, Amos Barnby promised you a big surprise in that climatic game at Beacon between the Bulldogs and the Sawyers of Saugerties High.

Well, the surprise is that Beacon fans will watch the game and won't be able to do much vocal work because Fred Seihler's talented club will prevail. Shall we make the score, 26-7? Ahem. The crystal ball is very clear on that gigantic game. That should make it 31 in a row for Saugerties and Hoople picked everyone of the games correctly. Ahem!

Kingston will be in action this weekend and the local gridgers will be sufficiently recovered from the Mont Pleasant catastrophe to keep Middletown without a win, 20-6.

You want the winner of the Walkkill-Liberty game at Walkkill? Well, my trusted assistant, Dr. Wottaburp, tells me those Indians from the Borscht Belt are coming with tomahawks and all. That is enough for this learned observer. It shall be Liberty 14, Walkkill 13. Oh, those missed extra points can hurt. Harumph!

Paul Runge, my trusted friend at Ontario, is watering his mouth for the steak Ed Palladino will have to buy him (editors note: imagine Ed Palladino buying anything) because Ontario is playing winless Highland. Mr. Runge, start eating. The Indians will win their fourth game of the year, 34-12.

The record to date is a nifty 67-38. We shall close by giving you the winner of next week's DUSO game at Port Jervis and Newburgh shall suffer a 20-13 setback.

Ah, such is fame. When I finish this literary effort, I shall take a helicopter to Alaska and show the eskimos up there how to catch fish through the ice without a line or hook.

My stops this winter will include the moon, where I will judge a beauty contest; to Saudi Arabia, where I will be director of the "Return of Lawrence."

## Glenerie Bridge Club Results

Harry Thayer and Irving H. Wheatcroft posted a fine 62½ per cent game for top honors on the North-South side of the Glenerie Bridge Club regular fractional point game.

On the East-West side, Dr. William Dean and Louis Kaye, Kingston, turned in a 57 per cent game for first place.

North-South results:  
Dr. and Mrs. Harry McNamara, Hurley and Ralph Wesselmann, Shokan and Henry Berleth, Woodstock, 57½ per cent; Mrs. Margarie Black, Phoenicia, and Walter Daumann, Pine Hills, 56½ per cent.

East-West results:  
Dr. John Roberts, Kingston, and Charles Rice, Saugerties, 52 per cent; Carl Kunz and Norman Wheatcroft, Kingston, 51½ per cent; Mrs. Chester VanGaasbeek, Hurley and Dr. Murray Fletcher, Kingston, 52½ per cent.  
A regular fractional point game is slated tonight, 8 p. m. at the Stuyvesant.

## Warriors Rap Knicks, 110-88

By THE ASSOCIATED PRESS

The San Francisco Warriors are a new team as far as New York Knicks' Coach Eddie Donovan is concerned, but he still has a prominent reminder of last year's poor Warrior play—his own team.

The Warriors swamped the Knicks 110-88 Thursday night in San Francisco.

"With the two big guys in there, they limit you to just one shot," said Donovan, summing up Thursday's defeat.

The two are Wilt Chamberlain, holder of many National Basketball Association scoring records, and Nate Thurmond, 6-11 rookie from Bowling Green.

They played together for about 20 minutes—Chamberlain at center, Thurmond at forward, and helped the Warriors turn a close game into a rout with a 34-14 edge in the third period.

Chamberlain scored 23 points. Last year the Warriors were a distant fourth in the Western Division thanks to almost no teamwork. This year they're 6-2.

But the Knicks, 3-8, have inherited the no-teamwork look.

"We've gotten so many new men in trades they haven't worked in together yet," says Donovan. "It's like learning your plays in game conditions instead of in training."

## Speedy Scot Set For Grand Slam

WESTBURY, N.Y. (AP) — Speedy Scot is the short-priced favorite to defeat seven other 3-year-olds in the \$81,876 Dexter Cup at Roosevelt Raceway to Grand Slam.

Speedy Scot, from the Castle Farm of Mr. and Mrs. Frederick Van Lennep of Lexington, Ky., already is in the books as the second winner of the Triple Crown with victories in the Yonkers Futurity, Hambletonian and Kentucky Futurity. Scott Frost won the Triple in 1955.

Under Ralph Baldwin's guidance, the son of Speedster has won 12 of his 14 starts this year. Elma and Cheer Honey will start from the favorable No. 1 and 2 post positions and have been made the second and third choices at 3-1 and 4-1, respectively.

## LHS, Wallkill Set for Game; OCS Plays Home

By ED PALLADINO  
Freeman Sports Staff

Kingston's return to activity with a Dietz Stadium assignment against Middletown the DCSL championship match at Beacon between the home side and the Sawyers and the UCAL title tussle at Wallkill with the Panthers opposing Liberty highlight this last full weekend of area school-boy gridiron activity.

Action will begin tonight with unbeaten Port Jervis hosting Cornwall at Glenette field. In the other Saturday tussles, Highland is at Ontario, Rondout at Pine Bush and Marlboro at New Paltz in the UCAL; Cardinal Farley at Lourdes in the DCSL and Arlington at Poughkeepsie and Gunderland at Newburgh in non-loop tussles.

A capsule comment of the top games:

**MIDDLETOWN AT KINGSTON** — For the past two years, this was a big game in the DUSO. However, the Middies are winless this time around, though they have high hopes of stopping the Maroon eleven. Kingston has been an in-and-out club but can still finish second in the circuit race. A win here is a necessity. The locals have been a little better on offense and rate a slight edge.

**SAUGERTIES AT BEACON** — Another crucial one as the Sawyers are aiming for a string of victories. Beacon is fresh from an upset win over Poughkeepsie and is playing at home. Then, too, a victory by the Bulldogs will give them the league title. The Sawyers are seeking a fourth straight crown and a 31st consecutive victory. They are slight favorites but don't rule out an upset here. It figures to be one of the top battles of the season.

**LIBERTY AT WALLKILL** — Two giants in a battle to decide the UCAL title. Wallkill seems to be a little better on offense but Liberty has a rugged defensive line. This game is rated a tossup. Liberty is defending its circuit title and has a little more experience than the home side. Look for a low scoring game with the breaks probably deciding the issue.

**HIGHLAND AT ONTEORA** — It's been several years since the Indians finished with a record better than .500. A win against Highland will do it this season. The visitors, once a ranking powerhouse, are rebuilding and have yet to cop a victory. Ontario has good offensive power and the choice.

**RONDOUT AT PINE BUSH** — This could be another tough afternoon for Coach Chick Meenan and his gridgers. They lost the past two weeks to Liberty and Wallkill and are now playing another "hot" club. Pine Bush rates the nod, but will probably have trouble with the Gander defense, always one of the best in the league.

In the other UCAL contest, Marlboro and New Paltz, both with one win each, are evenly matched in their tilt at the Huguenot gridiron. Tonight, Port Jervis is heavily favored over Cornwall and Newburgh is a big choice to beat visiting Gunderland on Saturday, Arlington and Poughkeepsie will be meeting each other for the second straight year and this should be a close hard fought battle. In the DCSL, Lourdes seems too strong for winless Cardinal Farley.

## Upstate Grid Elevens, Are Beset by Injuries

SYRACUSE, N.Y. (AP) — Major Upstate college football teams limped into the final weeks of the 1963 season today beset by injuries to key players.

Coaches at Syracuse, Colgate, Cornell and Buffalo expressed concern about their teams' physical condition.

Syracuse (5-2), hoping to rebound from last week's 35-27 loss to Pittsburgh, may have to play without the services of two backfield men who had carried a major share of the Orange's now wilting hopes for the Eastern crown.

Quarterback Walley Mahle is nursing an ailing back, and other injuries and is a doubtful starter against the Mountaineers Saturday.

Mahle did not see action against Pitt.

Fullback Jim Nance suffered a head injury three weeks ago against Penn State and is not expected to return to action until the Thanksgiving Day clash with Notre Dame.

In addition, the Orange middle line is hurting with the loss of tackle Henry Huetner. The 235-pounder broke his left hand in the Pitt game.

**Quarterback Battle**  
Cornell plays host to Brown in an Ivy League game billed as a duel between quarterbacks Gary Wood of Cornell and Jim Dunda of Brown. Wood was the architect of the Big Red's 18-17 victory last week over Columbia.

Brown, which lost 34-13 to Princeton last week, has a season record of 3-3 and is 2-3 in Ivy competition. Cornell is 3-3 overall and 2-2 in league play. Colgate (3-2-1), hampered by

## Steelers Selected to Upset Browns in Top NFL Contest

By JACK HAND  
Associated Press Sports Writer

NEW YORK (AP)—Pittsburgh is primed for an all-out effort against the Cleveland Browns Sunday before Pittsburgh's largest pro crowd, 55,000—and a Steeler victory would turn the Eastern Conference race of the National Football League into a wild scramble.

The lead changed hands seven times when they met Oct. 5 in Cleveland, where Frank Ryan thrilled 84,684 fans with three touchdown passes in the Browns' come-from-behind 35-23 victory.

**Jessen Leads**

SAN ANTONIO, Tex. (AP)—Ruth Jessen, the blonde blaster from Seattle, led the \$8,500 72-hole San Antonio Civitan Open Golf Tournament going into its second round today.

Miss Jessen was the only player to better par Thursday as she posted a one-under-par 71 for a two-stroke lead in the opening round.

Kathy Whitworth came in second with a 73.

## YMCA Schedule

Games scheduled in the YMCA basketball league next week: Tuesday—7, Dorans vs. Hub; 8 p. m., Tony's vs. Byrnes; 9, 50 Club vs. Eddie's Wednesday, Nov. 13—Gov. Clinton vs. Hudson Cement; 8 p. m., Tony's vs. Ray's; 9 p. m. Mid-City vs. Corner Rest.

**NFL**  
Pittsburgh 27, Cleveland 24—An upset. The Steelers led last time 23-21 going into the last period after being stopped on the 2 and the two-foot mark. Ed Brown moving the Steelers steadily and they should win if the defense can escape that second-half letdown.

New York 31, Philadelphia 21—Allie Sherman may have trouble getting the Giants up after two big games. But the Eagles are hurting.

Green Bay 27, Minnesota 14—Scrambling Fran Tarkenton seems to give Packer defense trouble but Green Bay is just too good. If it's tight, Vince Lombardi always can go to Jerry Kramer for a field goal.

Chicago 31, Los Angeles 10—Rams are improved but not that much. Bears' defense will clobber Roman Gabriel and Bill Wade will pick away at Rams with balanced ball control game.

St. Louis 21, Washington 17—Charlie Johnson will find Redskins' secondary a picnic after last week. Washington pass de-

fense has yielded 19 TDs in eight games. Injuries to Bill Triplett and Joe Childress will hurt Cards' ground game.

Detroit 24, Baltimore 20—An upset for the Lions, who bowed to Colts 25-21 last month. Colts can't run and Lions murder passers.

Dallas 21, San Francisco 17—Could be trouble for the Cowboys with Jim Ray Smith and Lee Roy Jordan out of action. San Francisco offense mediocre despite Dallas' defensive weakness.

**AFL**  
Kansas City 21, Oakland 10 (Friday night)—Chiefs at home, figure to reverse 10-7 defeat in Oakland with Curt McClinton starting to come on.

Buffalo 35, Denver 28 (Saturday night)—Nobody stops anybody in this one but Jack Kemp should hit targets more often than Don Breau or Mickey Slaughter.

San Diego 28, Boston 27—Tobin Rote, Keith Lincoln, Paul Lowe and Lance Alworth give Pats fight despite their new-found punch and Gino Cappelletti's kicking.

Houston 28, New York 14—George Blanda to exploit Jets' pass defense weakness with strikes to Charlie Hennigan and Willard Dewveall.

## Howe Knows How Early Wynn Felt

By THE ASSOCIATED PRESS

Okay. So your name's Gordie Howe, not Early Wynn. But you've got the same problem. You're just missing. And every time you do, the psychological barrier gets bigger.

Old Early had to make eight tries over two seasons with two different clubs before he finally notched that big No. 300 career pitching victory with the Cleveland Indians this past baseball season.

And Howe, seeking a record-breaking 545th career goal, is having the same problem. The big ones just don't come easy. He missed two good chances Thursday night as his Detroit Red Wings edged New York 1-0.

Chicago retained a six-point bulge over second-place Montreal by tying the Canadiens 2-2 in Montreal and Toronto rallied from a three-goal deficit and beat the Bruins 4-3 in Boston in the other games.

Play ranged from rough to vicious in the Chicago-Montreal game. Two major penalties for board-checking were handed out and two Montreal players retired at different times because of injuries.

Tim Horton earned a shot off a Boston defender's leg with 55 seconds to go for the winning goal for Toronto.

## Haves, Have-Not In Games Sunday

By MIKE RATHET  
Associated Press Sports Writer

Rarely, if ever, have the Have-Nots and Never-Beens been so conspicuous on one program in the National Football League, possibly holding the balance of power in the battle for divisional honors that continues Sunday.

Here's the way it looks at a glance:

Minnesota, which has never been able to beat the Packers takes a 3-5 record into Green Bay for a clash with the Western Division co-leaders, who are 7-1.

Los Angeles, which hasn't been able to beat the Bears in their last eight games, moves into Chicago with a 2-6 record. The Bears are tied with the Packers at 7-1.

Philadelphia, which hasn't been able to beat the Giants in five straight games, takes a 2-5 record to New York, where the Giants will be trying to stay no worse than one game behind Cleveland in the Eastern race.

And Pittsburgh, which has never been able to win a divisional crown and is bogged down at 4-3-1, tackles the Browns, out front with a 7-1 mark to 6-2 for New York.

In other games, Washington will be at St. Louis, Detroit at Baltimore and Dallas at San Francisco.

The American Football League schedule shows Oakland at Kansas City tonight and Denver at Buffalo Saturday night while New York is at Houston and San Diego at Boston Sunday.

## Baylor Coach Praises Quarterback Don Trull

By BOB GREEN

Associated Press Sports Writer

Baylor football Coach John Bridger is an ebullient man who wants to tell the world about "my boy Trull." He does so at every opportunity.

And some of the comparisons he makes involving Baylor quarterback Don Trull are at once refreshing and a little awe-inspiring. Listen:

"My boy Trull," proclaims Bridger, "is the best quarterback I've ever seen anywhere or anytime or on any football field. And that goes for Baugh, O'Brien, Lujack, Graham, Unitas or even Tittle."

Which is rather rarefied company. But Trull's credentials are all in order. He leads the nation in passing and total offense. In six games he has a total of 1,491 yards and has completed 106 of 185 passes for 1,408 yards and 10 touchdowns.

Trull gets his chance to prove all this Saturday at Austin, Tex., when he leads the bulky Bears against unbeaten Texas, the nation's top-ranked college team.

The game looms as the top attraction on the national schedule and probably the last really big stumbling block on the Longhorns' path to the national championship. Their only other games are against Texas Christian, 3-2-1, and Texas A&M, 1-5-1.

The Bears are unranked, but have an impressive 5-1 mark, losing only to Oregon State. State. They've beaten Houston, Arkansas, Texas Tech, Texas A&M and TCU.

The Longhorns have won seven in a row, but the margin of victory in the last three totals only 13 points.

**Both Unbeaten**

Each, of course, is unbeaten in the Southwest Conference and the winner probably will get the host spot in the Cotton Bowl. Baylor hasn't won the title in 40 years.

Most of the rest of the ranked teams also have their work cut out for them, with only No. 3 Mississippi scheduled for a breather. Ol' Miss, 5-0-1, has a home game against little Tampa. No. 7 Alabama is idle.

Second-ranked Illinois, 5-0-1, is at home to a Michigan team that may be better than its 2-3-1 record would indicate and No. 4 Navy could have its hands full with Maryland, 2-5. The Middies, led by Roger Staubach, take a 6-1 record into the game at the Naval Academy.

Auburn, at 6-0 one of the three remaining unbeaten, untied teams in major college circles, risks its No. 5 standing against tough Mississippi State, 4-2-1, at Jackson, Miss.

Oklahoma, pounding along toward another Big Eight title and ranked sixth at 5-1, is home to Iowa State, 4-3. No. 8 Pitt, 5-1, is at Notre Dame, 2-4. No. 9 Michigan State, 4-1-1, is at Purdue, 3-3, and No. 10 Ohio State, 4-1-1, is host to Penn State, 5-2, in one of three games

**BOMBER**—Army's answer to Navy's Roger Staubach is Rollie Stichweh, above, who also completes long and short passes.

scheduled for regional television coverage.

The other television games are Northwestern, 4-3, at Wisconsin, 4-2, and Arkansas, 4-3, at Rice, 4-2.

Princeton, 6-0 and the only other unbeaten, untied, visits Harvard for an Ivy League game.

ATLANTIC CITY, N.J. (AP)—Convention Hall, which has rung with the words of thousands of orators addressing convention delegates, will enclose the sound of gloves pounding punching bags next week.

World middleweight champion Dick Tiger of Nigeria and Joey Giardello of Philadelphia signed a contract Thursday to meet in a fight for the title in the Hall Dec. 7. Their contracts also call for them to train in the hall for three weeks before the match.

## Bob Rosburg's 67 Leads By Stroke

By CHARLES MAHER

Associated Press Sports Writer

PALM SPRINGS, Calif. (AP)

—Bob Rosburg, who has made his last \$66,000 in golf without winning a single tournament, held a one-stroke lead over young Frank Beard today, going into the second round of the \$50,000 Frank Sinatra Invitational.

Rosburg, who scored his last PGA tournament victory nearly three years ago in the 1961 Bing Crosby National, didn't miss a putt on the first 14 holes and shot a four-under-par 67 in Thursday's opening round at Canyon Country Club.

Only 11 other players in the field of 150 bettered par on the two-year-old desert course.

Rosburg took only 28 putts and scored birdies with four of them, the longest a 12-footer.

Beard, who turned professional only a year ago, had three birdie putts, one a 20-footer.

He missed only two greens. Beard, 24, is a brother of Ralph Beard, a star basketball player at the University of Kentucky in the late 1940s.

Beard finished the round a stroke ahead of Bill Casper. Dave Hill and Dow Finsterwald, Tommy Bolt and Bobby Nichols. A stroke farther back at 70 were Don Essig, Gene Littler, Terry Wilcox, Tommy Aaron and Ray Floyd.

Fourteen players, including 53-year-old Jimmy Demaret shot par 71s.

## Lengthen Hunting Seasons To Make Up for Fire Ban

The State Conservation Department yesterday lengthened hunting seasons that were suspended during the 17-day October drought.

As a general rule, State Conservation Commissioner Harold G. Wilm said the seasons were extended by the same number of days during which hunting was prohibited because of the fire hazard in the woodlands.

Only cottontail rabbits, varying hare and raccoon-species where the season normally runs through February or March—have not been lengthened.

The major seasons affected were the big-game and bow-and-arrow seasons in the northern zone and the waterfowl season statewide.

## Big Game Regulations

Big game hunters in the northern zone will be able to hunt deer and bear until Dec. 11. Normally, their season would end Dec. 3, but eight days were "lost" while the woods were closed.

The southern zone big game season was unaffected by the recent fire hazard and the season there will

run Nov. 18-Dec. 3, as scheduled. In Westchester County where big game hunting is limited to long bow, the season is extended to Jan. 1.

As a result of the woods closure, bow and arrow hunters in the northern zone had their special two week archery season interrupted after only three days afield. By Department order, archers have been given a post season hunt and will be able to resume their "quiet woods" deer and bear season from Dec. 12-22.

Commissioner Wilm also reported that the U. S. Fish and Wildlife Service has granted extensions to the New York waterfowl seasons. Upstate, the basic duck and coot season has been extended to Dec. 21. On Long Island, the first half of their "split" season will end Nov. 16, instead of Nov. 2 as first scheduled. The second half of the "split" remains unchanged, Dec. 6-Jan. 4.

Commissioner Wilm said that gunning hours, season bag limits and other regulations will remain the same as noted in the Department's "Hunting, Trapping and Fishing Guide."

# Drenching Helps But More Needed

By THE ASSOCIATED PRESS

More rain splashed across parched areas in Eastern sections in the nation today, alleviating drought conditions and replenishing dwindling water supplies in many states.

A storm off the Delaware coast during the night set off rain storms over broad sections

# FM Radio Station Coming Here, One Set for Newburgh

Kingston and Newburgh are due to get new FM radio stations.

The Nelson Broadcasting Company, of Westwood, N. J., recently announced plans for establishing stations in both cities with transmitting facilities on the outskirts of each.

A company report said that notice has been given that on Nov. 5, "there was tendered for filing with the Federal Communications Commission an application of Donald P. and Wilbur E. Nelson" of the company "for construction permit to establish a new class A FM Broadcast Station at Kingston."

It will operate on a frequency of 97.7 mc with effective radiated power of 2,042 kw. The antenna height will be 200 feet above ground.

The transmitter site will be in the Town of Ulster some 600 feet west of the Jockey Hill Road. The studio is to be in Kingston, but no location was mentioned. The Jockey Hill Road extends from a point near Stony Hollow to Sawkill.

A report on the plans for Newburgh was similar with the exception of different frequency, radiated power and antenna height. The transmitter site is to be 6.3 miles south of Newburgh near Route 207, Town of New Windsor.

# Names In The News

HYDE PARK, N.Y. (AP) — "Darkness had no place in the life of Eleanor Roosevelt, and it has even less place in her remembrance. For her's was a radiance that warmed the cold, beckoned to the lost and kindled hopes where none had ever flamed."

Thus spoke Adlai E. Stevenson as 200 friends and relatives gathered at Hyde Park to pay tribute to Mrs. Roosevelt, who died a year ago.

Rain poured down relentlessly on the crowd at her grave on the estate of her late husband, President Franklin D. Roosevelt. Wreaths laid on the grave included one sent by President Kennedy.

The storm drove the crowd into the library to hear the tribute delivered by Stevenson, U.S. ambassador to the United Nations.

MILFORD, N.H. (AP)—Rain fell in sheets on this town, ending a protracted dry spell, as Gov. Nelson A. Rockefeller of New York campaigned for votes in New Hampshire's presidential primary.

Slogging through ankle-deep mud to shake hands with workers at a sawmill, the candidate for the Republican nomination said: "We solved the drought on my first day here. What more could you ask?"
